ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series:*

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith
Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson

FIRST NATIONS WATER RIGHTS REPORT

BAND: Lytton Band

ADDRESS: P.O. Box 20, Lytton, B.C., V0K 1Z0

CHIEF: Chief Byron Spinks

PHONE: 455-2304 **FAX:** 455-2291

AFFILIATION: Nlaka'pamux Nation Tribal Council

LOCATION:

The fifty-four reserves of the Lytton Band total 5,980.7 hectares and are located in the Interior Plateau Region. They are situated along the Fraser River, north and south of Lytton. These reserves range from 1.4 to 1,554 hectares in size and include:

Bootahnie 15
Halhalaeden 14
Inkluckcheen 21B
Kleetlekut 22
Lytton 3A
Lytton 4B
Lytton 4E
Lytton 6B
Lytton 21A
Lytton 31
Maka 8
Nesikep 6A
Nkaih 10
Nuuautin 2
Papyum 27
Papyum Graveyard 27C
Stryen 9
2 Mile Creek 16

Cameron Bar 13
Halhalaeden14
Kitzowit 20
Kleetlekut 22A
Lytton 4A
Lytton 4C
Lytton 4F
Lytton 9A
Lytton 26A
Lytton 32
Nananahout 1
Nickel Palm 4
Nocten 19
Nuuautin 2A
Papyum 27A
Skwayaynope 26
Tsaukan 12
2 Mile Creek 16A

Fish Lake 7
Klahkamich 17
Lytton 4A
Lytton 4D
Lytton 5A
Lytton 13A
Lytton 26B
Lytton 33
Nesikep 6
Nickeyeah 25
Nohomeen 23
Nuuautin 2B
Seah 5
Spintlum Flat 3
Tuckozap 24
Yawaucht 11

also DL 47 Yale.

Of these reserve lands, water rights have been licensed on Bootahnie 15, Cameron Bar 13, Halhalaeden 14, Kitzowit 20, Klahkamich 17, Kleetlukut 22, Klickkumcheem 18, Lytton 3A, Lytton 4A, Lytton 4E, Lytton 4F, Lytton 5A, Lytton 9A, Lytton 9B, Lytton 13A, Lytton 21, Lytton 22A, Lytton 26A, Lytton 27B, Lytton 31, Maka 8, Nananahout 1, Nesikep 6, Nickel Palm 4, Nickeyeah 25, Nkaih 10, Nocten 19, Nohomeen 23, Nuuautin 2, Papyum 27, Papyum 27A, Seah

5, Skwayaynope 26, Spintlum Flat 3, Stryen 9, Tsaukan 12, Tuckozap 24, and Yawaucht 11.

The most recent population figures from the Ministry of Finance indicate that the Lytton Band's total population, including registered and non-registered members living on and off-reserves, is 1,535.

The Interior Douglas Fir Biogeoclimatic Zone characterizes the reserves of the Lytton Band. It is the second warmest forest zone of the dry southern interior with Douglas Fir being the dominant tree type. These reserves lie at elevations ranging from 400 to 5500 feet above mean sea level, and experience climate ranging from an average daily temperature of -10 degrees centigrade in January, to +20 degrees centigrade in July. The average annual rainfall for this area is 30-50 centimeters.

Water courses of significance include:

•Botanie Creek, which originates in Botanie Lake within Bootahnie Reserve No. 1 and drains into the Thompson River.

•Botanie Lake, which lies on the southern border of Bootahnie Reserve No.1.

•Cinquefoil Creek, which flows south through Fish Lake Reserve No. 7 and Nesikep Reserve No. 6 before draining into the Fraser River.

•Conte Creek, which flows south of Spintlum Flat Reserve No. 3 and drains into the Fraser River.

•Della Creek, which flows east through the southern portion of Seah Reserve No. 5 and drains into the Fraser River.

•Ditcham Spring No. 1 which is located in the southeastern corner of Inkluckcheen Reserve No. 21.

•Ditcham Spring No. 2, which is situated in the northern portion of Nuuautin Reserve No. 2B.

•Draw Creek, which flows through the southern portion of Skwayaynope Reserve No. 26.

•Flat Creek, which flows through the northern portion of Spintlum Flat Reserve No. 3.

•Fort Dallas Creek, which is recognized as Della Creek.

•Hance Spring, which is situated in Lytton Reserve No. 4E.

•Hautier Creek, which is located north of Kitzowit Reserve No. 20.

•Huckleberry Creek, which flows through the southwestern portion of Bootahnie Reserve

No. 15 and drains into Botanie Creek.

•Hull Arden Creek, which flows north of Halhalaeden Reserve No. 14 and 14A and drains into the Fraser River.

•Inchawka Creek, which flows through the eastern portion of Bootahnie Reserve No. 1 and drains into Skoonka Creek.

•Inkoiko Creek, which flows north of Tsaukan Reserve No. 12 and drains into the Fraser River.

•Intlpam Creek, which flows through the northern boundary of Lytton Reserve No. 4B and merges with Intlpam Creek South Fork before draining into the Fraser River.

•Intlpam Creek South Fork, which flows through the northern boundary of Nickel Palm 4A and merges with Intlpam Creek before draining into the Fraser River.

•Kamiak Creek, which flows east through Lytton Reserve No. 26A and drains into the Fraser River.

•Klickkumcheen Springs, which are located on the western boundary of Klickkumcheen Reserve No. 18.

•Klowa Creek, which was situated north of Kamiak Creek and flowed through Lytton Reserve 26A and Skwayaynope Reserve No. 26.

•Kitzowit Spring, which is situated in Kitzowit Reserve No. 20.

•Kwellanak Creek, which flows through Lytton Reserve No. 31 and Nickeyeah Reserve No. 25 and drains into the Fraser River.

•Laluwissen Creek, which originates in Nanahout Reserve No. 1 and flows west to drain into the Fraser River.

•Latour Creek, which flows through Kleetlekut Reserve No. 22A and drains into the Thompson River.

•Lytton Creek, which flows west through the southern portion of Klahkamich 17 and drains into the Fraser River.

•Nekertch Creek, which flows east along the southern boundary of Yawnak Reserve No. 11 and drains into the Fraser River.

•Nepuchin Creek, which flows east through Nkaih Reserve No. 10 and drains into the Fraser River.

•Nesikep Creek, which flows south of Nesikep Reserve No. 6 and drains into the Fraser River.

•Nikaia Creek, which flows east along the northern boundary of Nickeyeah Reserve No. 25.

•Nocten Creek, which flows south through Nocten Reserve No. 19 and drains into the Thompson River.

•Nohomin Creek, which flows through Nohomin Reserve No. 23 and drains into the Fraser River.

•Nickeyeyah Creek, which is located adjacent to Nikaia Creek.

•Nikwoi Creek, which flows through the northwestern corner of Lytton Reserve No. 13A and drains into the Fraser River.

•Saw Creek, which flows south of Kitzowit 20 and drains into the Fraser River.

•Seven Mile Creek, which flows west into the Fraser River, and is located south of Conte Creek and north of Hull Arden Creek.

•Siwhe Creek, which flows east through Lytton Reserve No. 33 and drains into the Fraser River.

•Skoonka Creek, which flows through Bootahnie Reserve No. 1 and drains into the Thompson River.

•Small Brook, which flows through the western boundary of Stryen Reserve No. 9A.

•Spintlum Creek, which flows north of Spintlum Flat Reserve No. 3 and drains into the Fraser River.

•Stein River, which flows through Stryen Reserve No. 9 and drains into the Fraser River.

•St. George Springs, which are situated in Nuuautin Reserve No. 2.

•Stryen Creek, which is a tributary of Stein River.

•Vital Spring, which is located on the western half of Inkluckcheen Reserve No. 21.

•Yawnak Creek, which flows east through Yawaucht Reserve No. 11 and drains into the Fraser River.

WATER ALLOCATIONS:

There are no records of any allocations made by the Indian Reserve Commission, Order in Council of the Lieutenant Governor in Council, nor any Orders of the Board of Investigation. However, the water rights of the Band have been recorded or affected by two actions of government over the years:

The water rights of the Lytton Band have been recorded or affected by four actions of government over the years:

1) Allotments by Indian Reserve Commissioners.

   Following confederation, the Province and the Dominion established an Indian Reserve Commission to reserve lands for the Indians without their agreement and for the transfer of those lands to the Dominion. In setting apart lands for reserves, the Reserve Commissioners made it their practice to allot water with the lands. It is understood that this practice was unique among Indian Reserves in Canada and the authority of these Commissioners to allot water rights has always been disputed by the Province.

2) Determinations of the Board of Investigation under the *Water Act, 1914* of claims of the Department of Indian Affairs, and subsequent issue of water licences.

3) Granting of water licences from Federal Government application for licences for the use of water on reserves.

4) Actions to amend, cancel or record as abandoned rights under licence pursuant to provisions in the *Water Act*.

Minutes of Decision: Allocations Made by the Indian Reserve Commission

The Indian Reserve Commission made an allocation which appear to be for the benefit of the Lytton Band. The Minute of Decision indicates the amount of water being allocated, and gives a brief description of the water source. The name given and references made in the description of this water source has lost its meaning through time. Therefore, this water source is now unidentifiable and can only be tentatively identified using the information given. The allocation which has apparently been made to the Lytton Band, as described in AGBC #590454 (see attachments), is:

Date	Inches	Sources of Supply
Dec 9, 1878	*75*	*Hamilton's Creek*
	20	*Two little streams flowing from the west towards Hamilton's Creek, about 5 miles from Nicola Lake.*

The location of Hamilton's Creek or the two un-named streams are unidentifiable from the description provided in the Minute of Decision. In addition, the reserve to which the allocation is appurtenant is also unclear.

HISTORY, CURRENT STATUS AND NOTES:

The history of water rights, the current status of rights, and notes for the Lytton Band with respect to Botanie Creek, Botanie Lake, Conte Creek, Cinquefoil Creek, Della Creek, Ditchum Spring's 1 and 2, Kamiak Creek, Flat Creek, Fort Dallas Creek, Hamilton's Creek, Hance Spring, Hautier Creek, Huckleberry Creek, Hull Arden Creek, Inchawka Creek, Inkoiko Creek, Intlpam Creek, Intlpam Creek South Fork, Kwellanak Creek, Laluwissen Creek, Latour Creek, Lytton Creek, Nekertch Creek, Nepuchin Creek, Nesikep Creek, Nickeyeyah Creek, Nikaia Creek, Nikwoi Creek, Nocten Creek, Nohomin Creek, Saw Creek, Saint George Spring, Seven Mile Creek, Siwhe Creek, Skoonka Creek, Small Brook, Spintlum Creek, Stein River, Stryen Creek, and Yawnak Creek are as follows:

Botanie, Inchawka, Skoonka Creeks & Botanie Lake:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Botanie Creek, for use on Nuuautin Reserve No. 2. The Order of the Board, numbered 8009, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Botanie Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 447 acre feet per year from Botanie Creek for irrigation of 149 acres of Nuuautin Reserve No. 2, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920

At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Skoonka Creek, for use on Bootahnie Reserve No. 15. The Order of the Board, numbered 4961, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Skoonka Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 260 acre feet per year for irrigation of 130 acres of Bootahnie Reserve No. 15, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920

At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Botanie and Skoonka Creeks, for use on Inkluckcheen Reserve No. 21. The Order of the Board, numbered 8010, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Botanie and Skoonka Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 16 acre feet per year from Botanie Creek and 152 acre feet per year from Skoonka Creek for irrigation of 76 acres of Inkluckcheen Reserve No. 21, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920

At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Botanie and Skoonka Creeks, for use on Kleetlekut Reserve No. 22. The Order of the Board, numbered 2394, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Botanie and Skoonka Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 115 acre feet per year from Botanie Creek and 230 acre feet per year from

Skoonka Creek for irrigation of 115. 08 acres of Kleetlekut Reserve No. 22, provided that 2,000 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920

At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Botanie Creek, for use on Tuckozap Reserve No. 24. The Order of the Board, numbered 2580, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Botanie Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 83 acre feet per year from Botanie Creek for irrigation of 27.5 acres of Tuckozap Reserve No. 24, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Mar 19, 1921

In accordance with an application made by Harry Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5466. This licence has a precedence date of July 13, 1914 and authorized the diversion of 82.5 acre feet per year (from April 1 to September 30) from Botanie Lake for irrigation purpose and the storage of 75 acre feet per year (from October 1 to June 15). The land to which this licence was appurtenant was 27.5 acres of Lytton Reserve No. 24.

Conditional Water Licence 5466 on Botanie Lake is noted as abandoned. However, a record or date of abandonment is not available because the file can not be located.

Mar 19, 1921

In accordance with an application made by Harry Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5491. This licence was given a precedence date of April 21, 1915 and authorized the diversion of 120 acre feet per year (from April 1 to September 30) from Botanie Lake for irrigation purpose and the storage of 80 acre feet per year (from October 1 to June 15). The land to which this licence was appurtenant was 40 acres of Lytton Reserve No. 21A.

Mar 29, 1921

In accordance with an application made by Harry Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5480. This licence was given a precedence

CWL 1827 superceded by C 3685 issued

date of April 21, 1915 and authorized the diversion of 120 acre feet per year (from April 1 to September 30) from Botanie Creek for irrigation purpose. The land to which this licence was appurtenant was 40 acres of Lytton Reserve No. 21A.

Aug 28, 1922

Aug 10, 1916 CWL 1827

In accordance with an application made by the New England Company, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence ~~3685~~. This licence was given a precedence date of June 3, 1915 and authorized the diversion of 75 acre feet per year (April 1 to June 15) from Botanie Creek. The land to which this licence was appurtenant was ~~58~~ 60 acres of part of Lot 47, Group 1, Township 15, Range 26, West of 6th Meridian.

Note: The Department of Indian Affairs is the current owner of Lot 47 on which St. George's Indian Residential School was situated.

Nov 25, 1924

In accordance with an application made by Harry Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditionai Water Licence 7858. This licence was given a precedence date of March 20, 1923 and authorized the diversion of 100 acre feet per year (October 1 to June 15) from Huckleberry Creek for storage in Botanie Lake. The land to which this licence was appurtenant was 35 acres of L.S. 9 and Frac. L.S. 8 and 1, Sec. 31 and L.S. 12 and Frac. L.S. 5 of Sec. 32, Township 15, Range 26, West 6th Meridian and Lot 47, Yale Division of Yale District.

Dec 19, 1924

The Comptroller of Water Rights issued Conditional Water Licence 7888, which embodied the terms and conditions set out in Board Order 8009.

Dec 19, 1924

The Comptroller of Water Rights issued Conditional Water Licence 7889, which embodied the terms and conditions set out in Board Order 4961.

Dec 19, 1924

The Comptroller of Water Rights issued Conditional Water Licence 7890, which embodied the terms and conditions set out in Board Order 8010.

Dec 19, 1924

The Comptroller of Water Rights issued Conditional Water Licence 7891, which embodied the terms and conditions set out in Board Order 2394.

Dec 19, 1924

The Comptroller of Water Rights issued Conditional Water Licence 7892, which embodied the terms and conditions set out in Board Order 2580.

May 28, 1925

Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 4815 (in substitution of Conditional Water Licences 1627) to the Department of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of November 28, 1864 and authorizes

the diversion of 311 acre feet per year (from April 1 to September 30) from Botanie Creek. The land to which this licence is appurtenant is 103.8 acres of Lots 11 and 12, Group 1, Lytton, Fractional Legal Subs. 16, 9 and 8 of Sec. 14 and Fractional Legal Subs. 13, 12 and 5 of Sec. 13, Tp. 15, R. 27, West 6th Meridian. Of this amount, 1,000 gallons per day, year-round, may also be for domestic use.

Jun 30, 1927 In accordance with an application made by the Superintendent-General of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 8980. This licence was given a precedence date of January 28, 1926 and authorized the diversion of 116 acre feet per year (from April 1 to September 30) from Botanie Creek for irrigation purpose. The land to which this licence is appurtenant is 38.6 acres of part of fractional S.E. 1/4 of Section 23, Tp. 15. R. 27, West of 6th Meridian. (St. Georges Residential School Property).

Nov 20, 1934 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9006 (in substitution of Conditional Water Licences 8980) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of January 28, 1926 and authorizes the diversion of 116 acre feet per year (from April 1 to September 30) from Botanie Creek. The land to which this licence is appurtenant is 38.6 acres of Fractional SE1/4 Section 23, Township 15, Range 27, West 6th Meridian (St. Georges Residential School Property).

Note: Final Water Licence 9006 was issued for the diversion of water from Botanie Creek for irrigation purpose on St. Georges Residential School Property.

May 20, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9276 (in partial substitution of Conditional Water Licences 7892, 7888, and 7890) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 405 acre feet per year (from April 1 to September 30) from Botanie Creek. The land to which this licence is appurtenant is 133.7 acres of Lytton Reserve No.'s 22A, 24, 2A, 2, and 21.

May 20, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9277 (in partial substitution of Conditional Water Licences 7890, 7891, and 5480) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 125 acre feet per year (from April 1 to September 30) from Botanie Creek. The land to

which this licence is appurtenant is 123.2 acres of Lytton Reserve No.'s 22, 2B, 21, and 21A.

May 20, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9278 (in partial substitution of Conditional Water Licences 7890, 7891, and 5480) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 250 acre feet per year (from April 1 to September 30) from Skoonka Creek. The land to which this licence is appurtenant is 123.2 acres of Lytton Reserve No.'s 22, 2B, 21, and 21A.

May 20, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9279 (in partial substitution of Conditional Water Licences 7890 and 7891) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the storage of 207 acre feet per year (from October 1 to June 15) from Skoonka & Botanie Creek. The land to which this licence is appurtenant is as set out in Final Water Licences 9276, 9277, and 9278.

May 20, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9280 (in substitution of Conditional Water Licence 5491) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of April 21, 1915 and authorizes storage of 80 acre feet per year (from October 1 to June 15) from Botanie Creek. The land to which this licence is appurtenant is as set out in Final Water Licences 9276, 9277, and 9278.

Jan 16, 1939 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10466 (in substitution of Conditional Water Licence 7858) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of March 20, 1923 and authorizes storage of 100 acre feet per year (from October 1 to June 15) from Huckleberry Creek. The land to which this licence is appurtenant is as set out in Final Water Licence 10465.

Apr 15, 1939 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10594 (in substitution of Conditional Water Licence 7889) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the

diversion of 30 acre feet per year (from April 1 to September 30) from Inchawka and Skoonka Creek, for irrigation purpose on 15 acres of Bootahnie Reserve No. 15.

Aug 1, 1941 In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 15024. This licence was given a precedence date of June 10, 1941 and authorized the diversion of 10 cubic feet per second (from April 1 to September 30) from Inchawka Creek for irrigation purpose. The land to which this licence was appurtenant was Lots 11 & 12, Group 1, Lytton, Fractional Legal subdivision 8, 9, & 16, Section 14, Frac. L.S. 5, 12, & 13, Sec. 13, Township 15, Range 27, W. 6th Meridian, Lytton Indian Reserves 2A, 2B, 21A, 22A also Indian Reserves 2 "Nuuautin", 21 "Inkluckcheen", 22 "Kleetlekut" & "Tukozap", Lot 47, Group 1, Yale Frac. SE 1/4, Sec. 23, Tp. 15, R. 27, West 6th Meridian.

The file corresponding to Conditional Water Licence 15024 has been destroyed and therefore, further information pertinent to this licence is not available.

Nov 1, 1974 A letter from the Director of Lands stated that the Department of Water Resources was in the process of allowing an application to purchase District Lot 1786, Kamloops Division of Yale District, six miles north of Lytton. These lands are currently crossed by works of Final Water Licences 9277, 9278, 9279 and 9280. Therefore, information on the said licences was required in order to issue the Crown Grant.

Further information regarding the purchase of District Lot 1786 is not available on file.

Jun 20, 1979 A letter written by legal advisor to the Osadchuks (property owners of Water Licence 48100, appurtenant to Legal Subdivision 13 of Section 32, Township 15, Range 26, West of the 6th Meridian) stated that the construction of a ditch made by Mr. McIntyre (lessee of Final Water Licence 10465) on the Osadchuks property was illegal.

Mar 18, 1980 A letter from the Comptroller of Water Rights confirmed that Mr. McIntrye's works were not authorized under Conditional Water Licence 10465. It was suggested that Mr. McIntrye apply for a Change of Works to authorize the use of the irrigation ditch.

Apr 25, 1980 An application for Change of Works for Conditional Water Licence 10465 was made by Mr. McIntrye to authorize a new diversion structure on Huckleberry Creek and a ditch to transport the water to Botanie Lake.

Jun 16, 1981 A letter from the Comptroller of Water Rights stated that it was his

suspicion that Mr. McIntrye was promising water to his neighbours in exchange for easements across their properties. The concern of the neighbours was that an easement would create problems of livestock in the area. Approval of change of works would authorize Mr. McIntrye to divert and use water on his property but would not authorize him to provide water to other property owners.

Jul 7, 1981 In reference to the application for Change of Works filed by Mr. McIntyre, the Comptroller of Water Rights approved the application and issued Conditional Water Licence 56313 in substitution of Conditional Water Licence 10465. This would allow Mr. McIntrye to re-locate his intake on Botanie Creek upstream to the desired point and install a pipeline to place of use. In view of Mr. Osadchuk's concerns, it was ordered that Mr. McIntrye contact Mr. Osadchuk prior to installation of the pipeline to ensure that he doesn't interfere with licenced works when crossing Mr. Osadchuk's easement.

Jan 4, 1982 In accordance with an application made by the Minister of Indian and Northern Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 56312 (in substitution of Final Water Licence 3685). This licence has a precedence date of June 3, 1915 and authorizes the diversion of 75 acre feet per year (from April 1 to September 30) from Botanie Creek for irrigation purpose. The land to which this licence is appurtenant is 58 acres of Lot 47 Yale, of Township 15, Range 26, West of the 6th Meridian.

May 18, 1982 The Deputy Comptroller of Water Rights issued an Order to amend Final Water Licence 10466 which authorized the use of water for purposes set out in Conditional Water Licence 56313. The land upon which the water is to be used and to which this licence is appurtenant is also set out in Conditional Water Licence 56313.

Jun 16, 1987 A letter from the Comptroller of Water Rights stated that Conditional Water Licences 4815 and 9006 were subject to cancellation by the reason of the failure of the licensee (Mr. Arne Raven) to pay the annual rental to the Crown.

Jul 30, 1987 In view that Mr. Arne Raven was no longer a tenant of the land appurtenant to Conditional Water Licences 4815 and 9006, the said licences are currently issued in the name of Indian and Northern Affairs.

Oct 9, 1987 A proposal was made by Lands, Revenues & Trusts to make an addition to the Lytton Band's Reserve land base. The parcel of land, currently owned by the Federal Crown, lies adjacent to the Band's existing Inkluckcheen Reserve No. 21. This land is legally described as lands within Township 15, Range 27 West of the 6th Meridian, Kamloops Division of Yale

District, known as the St. George's Indian Residential School Lands. This land was conveyed to the Federal Crown by the New England Company and contained specific provisions regarding educational instruction. These provisions were not honored and therefore, one of the requests of the New England Company was that these lands be set aside as Reserve.

Nov 20, 1989 A letter from the Comptroller of Water Rights stated that rights under the Water Act within the area or adjacent to Inkluckcheen Reserve No. 21 would not be affected by the proposed addition to the Reserve.

Further information regarding the proposed addition of land to Inkluckcheen Reserve No. 21 is not available on file.

Current Status:

Botanie Creek:

There are currently eighteen active licences on Botanie Creek, nine of which are held by the Lytton Band. Of these licences:

- 10 authorize the use of water for irrigation purpose, ranging from 75 to 405 acre-feet.
- 9 authorize the use of water for domestic purpose, ranging from 500 to 3,000 gallons per day.
- 5 authorize the use of water for storage non-power purpose, ranging from 80 to 207 acre-feet.

Note: Some licences authorize the use or diversion of water for more than one purpose.

The rights held by the Lytton Band under Final Water Licence 4815 are first in priority on Botanie Creek. Final Water Licences 9276, 9277, 9278, 9279, and 9280 are sixth, seventh, eighth, ninth, and eleventh in rank respectively. The Band's rights under Conditional Water Licence 56312 are twelfth in priority on Botanie Creek and the rights under Final Water Licences 10466 and 9006 are fourteenth and fifteenth in priority.

The land appurtenant to Conditional Water Licence 56313, in the name of J.E. McIntyre, is currently held by the Department of Indian Affairs. It is ranked thirteenth in priority on Botanie Creek.

Water Survey of Canada operated station 08LF003 on Botanie Creek from 1911 to 1912. During this period, the station recorded discharge from April to November and showed a low mean monthly flow of .094 m^3/sec (3.32 cubic feet/sec) in November, and rise to a high of .494 m^3/sec (17.45 cubic feet/sec) in May.

Notes:

1. The issuance of Final Water Licence 9276 (which substituted Conditional Water Licences 7888, 7890, and 7890) resulted in the reduction of licensed water rights for the Lytton Band.

2. The issuance of Final Water Licences 9277 and 9278 (which substituted Conditional Water Licences 7890, 7891, and 5280) resulted in the reduction of licensed water rights for the Lytton Band.

3. The issuance of Final Water Licence 9279 (which substituted Conditional Water Licences 7890 and 7891) resulted in the reduction of licensed water rights for the Lytton Band.

4. The rights held by the Lytton Band under Conditional Water Licence 15024 on Botanie Creek were cancelled in 1986.

5. The abandonment of Conditional Water Licence 5466 resulted in the loss of licenced rights on Botanie Creek for the Lytton Band.

6. The issuance of Final Water Licence 4815 resulted in the increase of licenced rights on Botanie Creek.

7. Under current licensing practices Final Water Licences 9276 and 9278 would be issued for domestic and waterworks purpose. The amendment of these licences to include waterworks purpose could lead to designation of Botanie and Skoonka Creeks as Community Watersheds under the Forest Practices Code.

Inchawka Creek:

Final Water Licence 10594 is currently the only active licence on Inchawka Creek. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Inchawka Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 10594 (which substituted Conditional Water Licence 7889) resulted in the reduction of licensed water rights for the Lytton Band.

Skoonka Creek:

There are currently sixteen active licences on Skoonka Creek, three of which are held by the Lytton Band. Of these licences:

- 8 authorize the use of water for irrigation purpose, ranging from .51 to 250 acre-feet.
- 7 authorize the use of water for storage non-power purpose, ranging from .51 to 207 acre-feet.
- 2 authorize the use of water for domestic purpose, ranging from 500 to 2,000 gallons per day.

Note: Some licences authorize the use or diversion of water for more than one purpose.

Water Survey of Canada has no records of streamflow on Skoonka Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 9276 (which substituted Conditional Water Licences 7888, 7890, and 7890) resulted in the reduction of licensed water rights for the Lytton Band.
2. The issuance of Final Water Licences 9277 and 9278 (which substituted Conditional Water Licences 7890, 7891, and 5280) resulted in the reduction of licensed water rights for the Lytton Band.
3. The issuance of Final Water Licence 9279 (which substituted Conditional Water Licences 7890 and 7891) resulted in the reduction of licensed water rights for the Lytton Band.
4. The issuance of Final Water Licence 10594 (which substituted Conditional Water Licence 7889) resulted in the reduction of licensed water rights for the Lytton Band.
5. Under current licensing practices Final Water Licences 9276 and 9278 would be issued for domestic and waterworks purpose. The amendment of these licences to include waterworks purpose could lead to designation of Botanie and Skoonka Creeks as Community Watersheds under the Forest Practices Code.

Cinquefoil Creek:

History:

Sep 24, 1881 The Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Lytton Band:

"100 inches of water from the first creek below the reserve, on the right bank of Fraser River is allotted for the use of the Indians."

*"100 inches of water from * Stuouck creek is also reserved for irrigating purposes."*

*Note: Stuouck Creek is also recognized as Cinquefoil Creek.

The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. This rate of flow over a 120 day irrigation season would be 6.664 acre feet for each miner's inch.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Cinquefoil Creek, for use on Nesikep Reserve No. 6. The Order of the Board, numbered 3915, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Cinquefoil Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 535.2 acre feet per year from Cinquefoil Creek for irrigation of 178.4 acres of Nesikep Reserve No. 6, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

Jan 25, 1924 The Comptroller of Water Rights issued Conditional Water Licence 7352, which embodied the terms and conditions set out in Board Order 3915.

Dec 15, 1927 In accordance with an application made by the Superintendent-General of Indian Affairs, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 9358. This licence was given a precedence date of October 26, 1926 and authorized the storage of 200

acre feet per year (from October 1 to June 15) from Cinquefoil Creek. The land to which this licence was appurtenant was 178.4 acres of Nesikep Reserve No. 6.

Feb 5, 1935 — The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated December 17, 1934, which cancelled Conditional Water Licence 9358.

Jun 10, 1942 — In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 15301. This licence has a precedence date of April 20, 1942 and authorizes the diversion of 90 acre feet per year (from April 1 to September 30) from Cinquefoil Creek for irrigation purpose. The land to which this licence is appurtenant is 30 acres of Nesikep Reserve No. 6A.

Jan 10, 1944 — Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12022 to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of April 20, 1942 and authorizes the storage of 46 acre feet per year (from October 1 to June 15) from Cinquefoil Creek. The land to which this licence is appurtenant is as set out in Conditional Water Licence 15301.

Sep 22, 1969 — In reference to the joint storage licence on Cinquefoil Creek held by the Lytton Band and holder of Conditional Water Licence 12021, the District Engineer stated that the deteriorated condition of the Cinquefoil Lake Dam required corrective maintenance. The maintenance of the dam would be a joint responsibility between the Lytton Band and holder of Conditional Water Licence 12021.

Jul 13. 1995 — Site inspections on the Cinquefoil Lake Dam were conducted from 1983 to 1995. A letter addressed to the Lytton Band from the Dam Inspection Officer concluded that the dam is currently unsafe for storing water. Several options for remedial work were suggested. Further information regarding the condition of the Cinquefoil Lake Dam is not available on file.

Current Status:

There are currently eleven active licences on Cinquefoil Creek, three of which are held by the Lytton Band. Of these licences:

9 authorize the use of water for irrigation purpose, ranging from 12.5 to 331.5 acre-feet.

•3 authorize the use of water for storage non-power purpose, ranging from 46 to 137 acre-feet.

•2 authorize the use of 500 gallons per day of water for domestic purpose.

Note: Some licences authorize the use or diversion of water for more than one purpose.

The Lytton Band holds Final Licences 9871, 15301, and 12022 which are second, seventh, and eighth in priority on Cinquefoil Creek.

Water Survey of Canada operated station 08MF020 on Cinquefoil Creek from April to September from the years 1921 to 1965. During this period, the station recorded a minimum daily discharge of .003 m^3/sec (.106 cubic feet/sec) on August 7, 1925, and a maximum daily discharge of 2.27 m^3/sec (80.17 cubic feet/sec) on June 7, 1921. Mean monthly discharges reach a low of .075 m^3/sec in April, and rise to a high of .457 m^3/sec in June.

Notes:

1. The Lytton Band's prior right to water allotted by the Indian Reserve Commission has not been formally recognized by the Province.
2. The issuance of Final Water Licence 9871 (which substituted Conditional Water Licence 7352) resulted in the reduction of licensed water rights for the Lytton Band.
3. The rights held by the Lytton Band under Conditional Water Licence 9358 on Cinquefoil Creek were cancelled in 1935.
4. There are currently two outstanding applications on Cinquefoil Creek, none of which were filed by the Lytton Band.
5. Cinquefoil Creek is noted as fully recorded with the possibility of licences being issued for use of water backed up by storage.

Della Creek:

History:

Sep 24, 1881 The Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Lytton Band:

*"The whole of the water of * Fort Dallas Creek is allotted for use on this*

reserve."

*Note: It is assumed that Fort Dallas Creek has been renamed and is now recognized as Della Creek.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Della Creek, for use on Seah Reserve No. 5. The Order of the Board, numbered 798, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Della Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 318 acre feet per year for irrigation of 106 acres of Seah Reserve No. 5, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

Jul 21, 1924 The Comptroller of Water Rights issued Conditional Water Licence 7620, which embodied the terms and conditions set out in Board Order 798.

May 20, 1938 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10289 (in substitution of Conditional Water Licence 7620) to the Director of Indian Affairs on behalf of the Lytton Band. The licence was given a precedence date of September 26, 1888 and authorized the diversion of 137.4 acre-feet per year (from April 1 to September 30) from Della Creek. The land to which this licence is appurtenant is 45.8 acres of Seah Reserve No. 5.

Current Status:

Final Water Licence 10289 is the only active licence on Della Creek. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Della Creek and there is no other current information on water availability.

Notes:

1. The Lytton Band's prior right to water allotted by the Indian Reserve Commission has not been formally recognized by the Province.

2. The issuance of Final Water Licences 9999 and 9996 (which substituted Conditional Water Licences 5371 and 6290) resulted in the reduction of licensed water rights for the Lytton Band.

3. The issuance of Final Water Licence 10289 (which substituted Conditional Water Licence 7620) resulted in the reduction of licensed water rights for the Lytton Band.

Ditcham Springs #1, #2 & Vital Spring:

History:

Jan 7, 1915 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the New England Company to rights to the use of the waters of Ditcham *Springs E, F and G was made under authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2506 set out that a final licence should be issued which would:

(i) provide for the diversion of water from Botanie Creek,
(ii) take precedence from March 12, 1902,
(iii) authorize diversion of a maximum of 550 acre feet per year for irrigation of 275 acres of Lots 11 and 12, Lytton and part Sections 13, 14 and 23, Township 15, Range 27, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: Springs E, F, and G have been named Spring A (Vital Spring), F (Ditchum Spring), and C (St. George Springs).

Jan 7, 1915 The Comptroller of Water Rights issued Final Water Licence 3140, which embodied the terms and conditions set out in Board Order 2506.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of

water from * two unnamed springs, for use on Inkluckcheen Reserve No. 21. The Order of the Board, numbered 8019, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from two unnamed springs,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 228 acre-feet per year from two unnamed springs for irrigation of 76 acres of Inkluckcheen Reserve No. 21, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: The two unnamed springs are recognized as Vital Spring and Ditchum Spring #1.

Mar 2, 1925 The Comptroller of Water Rights issued Conditional Water Licence 7965, which embodied the terms and conditions set out in Board Order 8019.

Feb 2, 1935 The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated July 4, 1934, which cancelled Conditional Water Licence 7965 .

Sep 2, 1965 The Comptroller of Water Rights issued an Order to amend Final Water Licence 3140 after determining the sources of water supply on the said licence to be Vital, Ditcham, and St. George Springs.

Jun 1, 1977 In accordance with an application made by the Minister of Indian and Northern Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 48244. This licence has a precedence date of November 12, 1976 and authorizes the diversion of 10,000 gallons of water per day, for the entire year, from Ditcham Spring No. 2 for domestic purpose. The land to which this licence is appurtenant is Nuuautin Reserve No. 2, Nuuautin, Kamloops Division of Yale.

Dec 19, 1994 An application for change of purpose for Conditional Water Licence 48244 was made by the Lytton Band. The proposed change would authorize the diversion of water for irrigation purpose.

Current Status:

There is currently one active licence on Ditcham Spring #1 and one on Ditcham Spring #2. They are for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Vital Spring or Ditcham Springs #1 and #2 and there is no other current information on water availability.

Notes:

1. The rights held by the Lytton Band under Conditional Water Licence 7965 on two unnamed springs (Vital Spring and Ditchum Spring No. 2) were cancelled in 1935.

2. Under current licensing practices Conditional Water Licence 48244 would be issued for domestic and waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of Ditcham Spring #2 drainage area as a Community Watershed under the Forest Practices Code.

Hance Spring:

History:

Aug 21, 1989 In accordance with an application made by the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 67130. This licence has a precedence date of February 9, 1987 and authorizes the diversion of 5,000 gallons a day from Hance Spring for waterworks purpose. The land to which this licence is appurtenant is Lytton Reserve No. 4E.

Current Status:

There is currently one active licence on Hance Spring. It is for the use and benefit of the Lytton Band.
Water Survey of Canada has no records of streamflow on Hance Spring and there is no other current information on water availability.

Notes:

1. The allotment of water under Conditional Water Licence 67130 is more than the amount that the Lytton Band applied for.

2. Under current licensing practices Conditional Water Licence 67130 would be issued for waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of the Hance Spring drainage area as a Community Watershed under the Forest Practices Code.

Hautier & Kitzowit Creeks:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Hautier Creek, for use on Kitzowit Reserve No. 20. The Order of the Board, numbered 6514, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Hautier Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 23.7 acre feet per year from Hautier Creek for irrigation of 7.9 acres of Kitzowit Reserve No. 20, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Nov 18, 1925 The Comptroller of Water Rights issued Conditional Water Licence 8227, which embodied the terms and conditions set out in Board Order 6514.

Aug 15, 1934 The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated June 28, 1934, which cancelled Conditional Water Licence 7503.

Further information pertaining to Conditional Water Licence 8227 cannot be located because the file was destroyed in 1945.

Current Status:

Hautier Creek:

There are currently two active licences on Hautier Creek, none of which are held by the Lytton band. Of these licences:

- 2 authorize the use of 20,000 gallons a day of water for fire protection purpose.
- 2 authorize the use of 3,000 gallons a day for water for work camps purpose.
- 1 authorizes the use of 15 acre-feet of water for irrigation purpose.

Water Survey of Canada has no records of streamflow on Hautier Creek and there is no other

current information on water availability.

Kitzowit Spring:

There are currently no active licence on Kitzowit Spring.

Water Survey of Canada has no records of streamflow on Kitzowit Spring and there is no other current information on water availability.

Notes:

1. The rights held by the Lytton Band under Conditional Water Licence 8227 on Hautier Creek and Kitzowit Spring were cancelled in 1934.

Huckleberry Creek:

History:

Nov 25, 1924 — In accordance with an application made by Harry Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 7857. This licence was given a precedence date of March 20, 1923 and authorized the diversion of 100 acre feet per year (from April 1 to September 30) from Huckleberry Creek for irrigation purpose. The land to which this licence was appurtenant was 35 acres of L.S. 9 and Frac. L.S. 8 and 1, Sec. 31 and L.S. 12 and Frac. L.S. 5 of Sec. 32, Township 15, Range 26, West 6th Meridian and Lot 47, Yale Division of Yale District.

Jan 16, 1939 — Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10465 (in substitution of Conditional Water Licence 7857) to the Director of Indian Affairs on behalf of the Lytton Band. The licence was given a precedence date of March 20, 1923 and authorized the diversion of 100 acre feet per year (from April 1 to September 30) from Huckleberry Creek, for irrigation purpose on 66 acres of District Lot 47, Yale, and Legal Subdivision 5 of Section 32, Township 15, Range 26, West of 6th Meridian. Of this amount, 1,000 gallons per day, year-round, may also be for domestic use.

Aug 9, 1977 — In accordance with an Application for Change of Works made by J.E.McIntyre, on behalf of Indian Affairs, the Deputy Comptroller of Water Rights issued an Order embodying the change of works for Final Water Licence 10465.

Jan 4, 1982 In accordance with an application made by the Minister of Indian Affairs for Change of Works JE. McINTYRE on behalf of ~~on behalf of the Lytton Band~~, the Comptroller of Water Rights issued Conditional Water Licence 56313. This licence has a precedence date of March 20, 1923 and authorizes the diversion of 100 acre feet per year (from April 1 to September 30) from Huckleberry Creek for irrigation purpose. ~~Of this~~ and amount, 1,000 gallons of water per ~~day can be used~~ for domestic purpose. The land to which this licence is appurtenant is 66 acres of Lot 47 Yale and Legal Subdivision 5 of Section 32, Township 15, Range 26, West of 6th Meridian

in substitution of FWL 10465

Aug 2, 1984 Letters from the Dam Inspector regarding works constructed under Conditional Water Licence 56313 were addressed to the Lytton Band and J.E. McIntrye throughout the years 1984 to 1994.
Inspections of the Botanie Lake Dam were found to be inadequate and it was recommended that maintenance of the dam commence in order to correct the damage.

May 15, 1995 A letter from the Dam Inspection Officer stated that considerable remedial work is currently being carried out on the Botanie Lake Dam.

Current Status:

Conditional Water Licence 56313 is the only active licence on Huckleberry Creek. It is currently in the name of J.E. McIntrye.
Conditional Water Licence 56313 includes a point of rediversion on Botanie Creek.

Water Survey of Canada has no records of streamflow on Huckleberry Creek and there is no other current information on water availability.

Notes:

1. Letters concerning the Botanie Lake Dam were addressed to both J.E. McIntyre and the Lytton Band. Indian Affairs is the current owner of the land appurtenant to Conditional Water Licence 56313 and it is not known if Mr. McIntyre still maintains an interest in the Botanie Lake Dam.

Hull Arden & Seven Mile Creeks:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the

Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Seven Mile Creek and * Halhalaeden Creek, for use on Halhalaeden Reserve No. 14. The Order of the Board, numbered 3900, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Seven Mile Creek and Halhalaeden Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 117.9 acre feet per year from Seven Mile and Halhalaeden Creeks for irrigation of 39.3 acres of Halhalaeden Reserve No. 14, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: Halhalaeden Creek is now recognized as Hull Arden Creek

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7134, which embodied the terms and conditions set out in Board Order 3900.

June 30, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8156 (in substitution of Conditional Water Licence 7134) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 87 acre feet per year (from April 1 to September 30) from Halhalaeden Creek, for irrigation purpose on 29 acres of Halhalaeden Reserve No. 14. Of this amount, 500 gallons per day, year-round, may also be for domestic use.

Nov 20, 1934 In accordance with an application made by the Superintendent-General of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 12275. This licence was given a precedence date of July 7, 1933 and authorized the diversion of 45 acre feet per year (from April 1 to September 30) from Seven Mile Creek for irrigation purpose. The land to which this licence was appurtenant was 15 acres of Halhalaeden Reserve No. 14.

Jan 16, 1939 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10439 (in substitution of Conditional Water Licence 12275) to the Director of Indian Affairs on behalf of the Lytton Band. The licence was given a precedence date of July 7, 1933 and authorized the diversion of 45 acre feet per year (from April 1 to September 30) from Seven Mile Creek, for irrigation purpose on 15 acres of Halhalaeden

Reserve No. 14.

Jun 30, 1978 The Deputy Comptroller of Water Rights issued an Order to amend Final Water Licence 8156 after having determined that the source of the water-supply has been renamed Hull Arden Creek.

Jun 30, 1978 In connection with Final Water Licence 8156, Permit Over Crown Lands 11483 was granted to the Lytton Band. This permit authorized occupation of Crown Land for the construction and maintenance of works.

Aug 7, 1987 In accordance with an application made by the Minister of Indian and Northern Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 66864 (in substitution of Final Water Licence 10439). This licence has a precedence date of July 7, 1933 and authorizes the diversion of 45 acre feet per year (from April 1 to September 30) from Seven Mile Creek for irrigation purpose. The land to which this is appurtenant to is 15 acres of Halhalaeden Reserve No. 15.

Aug 7, 1987 In connection with Conditional Water Licence 66864, Permit Over Crown Lands 16573 was granted to the Lytton Band. This permit authorized occupation of Crown Land for the construction and maintenance of works.

Current Status:

There is currently one active licence on Hull Arden Creek and two on Seven Mile Creek. Of the licences on Seven Mile Creek, both authorize the use of water for irrigation purpose, ranging from 45 to 48 acre-feet. Conditional Water Licence 66864 held by the Lytton Band is first in priority on Seven Mile Creek.

Water Survey of Canada has no records of streamflow on Hull Arden Creek or Seven Mile Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 8156 (which substituted Conditional Water Licence 7134) resulted in the reduction of licensed water rights for the Lytton Band.

2. The issuance of Conditional Water Licence 66864 (which substituted Final Water Licence 10439) resulted in the reduction of licensed water rights for the Lytton Band.

Inkoiko Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Inkoiko Creek, for use on Tsaukan Reserve No. 12. The Order of the Board, numbered 550, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Inkoiko Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 142.8 acre feet per year from Inkoiko Creek for irrigation of 47.6 acres of Tsaukan Reserve No. 12, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

Jan 25, 1924 The Comptroller of Water Rights issued Conditional Water Licence 7137, which embodied the terms and conditions set out in Board Order 550.

Jul 2, 1945 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12320 (in substitution of Conditional Water Licence 7137) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 126 acre feet per year (from April 1 to September 30) from Inkoiko Creek, for irrigation purpose on 42 acres of Tsaukan Reserve No. 12.

Current Status:

There are currently two active licences on Inkoiko Creek, one of which is held by the Lytton Band. Both licences authorize the use of water for irrigation purpose, ranging from 15 to 126 acre feet. The Band holds Final Water Licence 12320, which is first in priority on Inkoiko Creek.

Water Survey of Canada has no records of streamflow on Inkoiko Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 12320 (which substituted Conditional Water Licence 7137) resulted in the reduction of licensed water rights for the Lytton Band.

Intlpam Creek & Intlpam Creek South Fork:

History:

Sep 24, 1888 The Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Lytton Band:

"All the water in the stream, the North-western boundary of the reserve, is allotted to the Indians"

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Intlpam Creek (South Fork), for use on Nickel Palm Reserve No. 4. The Order of the Board, numbered 852, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Intlpam Creek (South Fork),
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 136.2 acre feet per year from Intlpam Creek (South Fork) for irrigation of 45.4 acres of Nickel Palm Reserve No. 4, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7135, which embodied the terms and conditions set out in Board Order 852.

Apr 27, 1921 In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5520. This licence has a precedence date of July 14, 1920 and authorizes the diversion of 400 acre feet per year (from April 1 to September 30), from Intlpam Creek for irrigation purpose. The land to which this licence is appurtenant is 133 acres of parts of Lytton Reserve No.'s 4A, 4B, 4C, 4D, and 4E.

Jun 9, 1989 In accordance with an application made by the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 67121. This licence has a precedence date of February 9, 1987 and authorizes the diversion of 10,0000 gallons of water per day from Intlpam Creek for waterworks purpose. The land to which this licence is appurtenant is Nickel Palm Reserve No. 4.

Feb 11, 1991 The Regional Water Manager issued an Order to amend Conditional Water Licence 67121 after having determined that the quantity to be allotted in the said licence was incorrect. The correct quantity of water, which may be diverted, is 10,000 gallons.

Current Status:

Intlpam Creek (South Fork)

There are currently two active licences on Intlpam Creek (South Fork), both of which are held by the Lytton Band. Of these licences:

- 2 authorize the use of water for irrigation purpose, ranging from 136.20 to 400 acre-feet.
- 1 authorizes the use of 1,500 gallons of water for domestic purpose.

The Lytton Band holds Conditional Water Licences 7135 and 5520 which are first and second in priority on Intlpam Creek (South Fork).

Intlpam Creek:

There are currently two active licences on Intlpam Creek, both of which are held by the Lytton Band. Of these licences:

- 1 authorizes the use of 400 acre-feet of water for irrigation purpose.
- 1 authorizes the use of 10,000 gallons of water per day for waterworks purpose.

The Lytton Band holds Conditional Water Licences, 5520 and 67121 which are first and second in priority on Intlpam Creek.

Water Survey of Canada has no records of streamflow on Intlpam Creek and there is no other current information on water availability.

Notes:

1. The Lytton Band's prior right to water allotted by the Indian Reserve Commission has not been formally recognized by the Province.

2. Under current licensing practices Conditional Water Licence 67121 would be issued for waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of the Intlpam Creek drainage area as a Community Watershed under the Forest Practices Code.

Kamiak, Klowa & Draw Creeks:

History:

May 16, 1921 — In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5561. This licence was given a precedence date of July 14, 1920 and authorized the diversion of 36 acre feet per year (from April 1 to September 30) from Kamiak and Klowa Creeks for irrigation purpose. Of this amount, 750 gallons of water per day can be used for domestic purpose. The land to which this licence was appurtenant was 12 acres of Lytton Reserve No. 26A.

May 1, 1922 — In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 6291. This licence was given a precedence date of January 17, 1921 and authorized the diversion of 300 acre feet per year (from April 1 to September 30) from Kamiak and Klowa Creeks for irrigation purpose. Of this amount, 2,000 gallons of water per day can be used for domestic purpose. The land to which this licence was appurtenant was 124.7 acres of Skwayaynope Reserve No. 26.

Nov 20, 1934 — Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9026 (in substitution of Conditional Water Licence 5561) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of July 14, 1920 and authorizes the diversion of 18 acre feet per year (from April 1 to September 30) from Kamiak Creek, for irrigation purpose on 6 acres of Lytton Reserve No. 26A.

Feb 15, 1944 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12046 (in substitution of Conditional Water Licence 6291) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of January 17, 1921 and authorizes the diversion of 184.5 acre feet per year (from April 1 to September 30) from Kamiak Creek, for irrigation purpose on 61.5 acres of Skwayaynope Reserve No. 26.

Current Status:

There are currently two active licences on Kamiak Creek, both of which are held by the Lytton Band. Of these licences:

- 2 authorize the use of water for irrigation purpose, ranging from 18 to 184.5 acre-feet.
- 1 authorizes the use of 750 gallons of water per day for domestic purpose.

Final Water Licences 9026 and 12046 are first and second priority on Kamiak Creek. Final Water Licence 12046 includes three points of rediversion on Draw Creek.

Water Survey of Canada has no records of streamflow on Kamiak Creek or Draw Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 9026 (which substituted Conditional Water Licence 5561) resulted in the reduction of licensed water rights for the Lytton Band.
2. The issuance of Final Water Licence 12046 (which substituted Conditional Water Licence 6291) resulted in the reduction of licensed water rights for the Lytton Band.
3. Final Water Licences 12046 and 9026 do not authorize diversion from Klowa Creek because this creek is only an intermittent or season stream.

Kwellanak Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Kwellanak Creek, for use on Skwayaynope Reserve No. 26. The Order of the Board, numbered 399, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Kwellanak Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 374.1 acre feet per year for irrigation of 124.7 acres of Skwayaynope Reserve No. 26, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7153, which embodied the terms and conditions set out in Board Order 399.

Nov 1, 1945 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12353 (in substitution of Conditional Water Licence 7153) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 12 acre feet per year (from April 1 to September 30) from Kwellanak Creek, for irrigation purpose on 4 acres of Skwayaynope Reserve No. 26.

Current Status:

Final Water Licence 12353 is currently the only active licence on Kwellanak Creek. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Kwellanak Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 12353 (which substituted Conditional Water Licence 7153) resulted in the reduction of licensed water rights for the Lytton Band.

Laluwissen Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Laluwissen Creek, for use on Nananahout Reserve No. 1. The Order of the Board, numbered 3912, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Laluwissen Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 96 acre feet per year from Laluwissen Creek for irrigation of 48 acres of Nananahout Reserve No. 1, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Dec 19, 1924 The Comptroller of Water Rights issued Conditional Water Licence 7887, which embodied the terms and conditions set out in Board Order 3912.

Dec 1, 1938 The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated October 11, 1938, which cancelled Conditional Water Licence 7887 .

Further information pertaining to Conditional Water Licence 7887 cannot be located because the corresponding file was destroyed in 1945.

Current Status:

There are currently no active licences on Laluwissen Creek.

Water Survey of Canada operated station 08MF013 on Laluwissen Creek from 1914 to 1916. During this period, the station recorded discharge from the months of May to December and showed a low mean monthly flow of .075 m^3/sec (2.65 cubic feet/sec) in December, and rise to a high of .759 m^3/sec (26.80 cubic feet/sec) in June.

Notes:

1. The rights held by the Lytton Band under Conditional Water Licence 7887 on Laluwissen Creek were cancelled in 1938.

Lautour Creek:

History:

Jan 20, 1936 In accordance with an application made by the Superintendent-General of Indian Affairs, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 12743. This licence was given a precedence date of August 30, 1934 and authorized the diversion of 500 gallons of water per day, for the entire year, from Lautour Creek for domestic purpose. The land to which this licence was appurtenant was Tuckozap Reserve No. 24.

Jan 25, 1937 A letter from the Comptroller of Water Rights stated that Conditional Water Licence had been abandoned.

Current Status:

There is currently one active licence on Latour Creek, which is not held by the Lytton Band. It authorizes the use of 1.9 acre-feet of water for irrigation purpose.

Water Survey of Canada has no records of streamflow on Latour Creek and there is no other current information on water availability.

Notes:

1. The Lytton Band's licenced water rights were lost as a result of the abandonment of Conditional Water Licence 12743.
2. Latour Creek is noted as fully recorded

Lytton Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Lytton Creek, for use on Klahkamich Reserve No. 17. The Order of the Board, numbered 6582, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Lytton Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 36.6 acre feet per year for irrigation of 12.2 acres of Klahkamich Reserve No. 17, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Lytton Creek, for use on Klickkumcheem Reserve No. 18. The Order of the Board, numbered 6581, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Lytton Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 51.6 acre feet per year for irrigation of 17.2 acres of Klickkumcheem Reserve No. 18, provided that 2,500 gallons per day, throughout the year, could also be used for domestic purpose.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7124, which embodied the terms and conditions set out in Board Order 6582.

Jan 25, 1924 The Comptroller of Water Rights issued Conditional Water Licence 7354, which embodied the terms and conditions set out in Board Order 6581.

July 12, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8171 (in substitution of Conditional Water Licence 7124) to the Superintendent General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 22 acre feet per year (from April 1 to September 30) from Lytton Creek, for irrigation purpose on 7.2 acres of Klahkamich Reserve No. 17. Of this amount, 500 gallons per day, year-round, may also be for domestic use.

Nov 15, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8290 (in substitution of Conditional Water Licence 7354) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 20 acre feet per year (from April 1 to September 30) from Lytton Creek and Klickkumcheen Springs, for

irrigation purpose on 5.9 acres of Klickkumcheem Reserve No. 18. Of this amount, 2,500 gallons per day, year-round, may also be for domestic use.

Apr 14, 1955 In accordance with an Application for Change of Works made by J.H. Gordon, Indian Commissioner, on behalf of the Lytton Band, the Comptroller of Water Rights issued an Order embodying the change of works for Final Water Licence 8290.

Dec 31, 1956 In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 22858. This licence was given a precedence date of March 4, 1955 and authorized the diversion of 2,500 gallons of water a day from Lytton Creek for domestic purpose. The land to which this licence was appurtenant was Klickkumcheem Reserve No. 18.

Dec 31, 1960 In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 24420. This licence was given a precedence date of March 7, 1958 and authorized the diversion of 10,000 gallons of water a day from Lytton Creek for domestic purpose. The land to which this licence was appurtenant was Klickkumcheem Reserve No. 18.

Mar 1, 1965 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licences 18736 and 18737 (in substitution of Conditional Water Licences 22858 and 24420) to the Director of Indian Affairs on behalf of the Lytton Band. These licences have precedence dates of March 4, 1955 and March 7, 1958 and authorize the diversion of 2,500 and 10,000 gallons a day from Lytton Creek, for waterworks purpose. The land to which these licences are appurtenant to are that part of Klickkumcheen Reserve No. 18, lying west of Canadian Pacific Railway Right-of-Way.

Current Status:

There are currently twenty active licences on Lytton Creek, four of which are held by the Lytton Band. Of these licences:

15 authorize the use of water for waterworks local authority, ranging from 182,500 to 109,500,000 gallons a year.

- 3 authorize the use of water for domestic purpose, ranging from 400 to 2,500 gallons per day.
- 2 authorize the use of water for waterworks purpose, ranging from 2,500 to 10,000 gallons a day.

- 2 authorize the use of water for irrigation purpose, ranging from 20 to 22 acre-feet.

Note: Some licences authorize the use or diversion of water for more than one purpose.

The Lytton Band holds Final Licences 8171, 8290, 18736, and 18737 which are third, fourth, eighteenth, and twentieth in priority on Lytton Creek.

Water Survey of Canada operated station 08MF063 on Lytton Creek from 1956 to 1958. During this period, the station recorded discharge from the months of April to September and showed a low mean monthly flow of .062 m^3/sec (2.19 cubic feet/sec) in September, and rise to a high of 2.25 m^3/sec (79.46 cubic feet/sec) in May.

Notes:

1. The issuance of Final Water Licences 8171 and 8290 (which substituted Conditional Water Licences 7124 and 7354) resulted in the reduction of licensed water rights for the Lytton Band.

2. Under current licensing practices Final Water Licence 18737 would be issued for waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of the Lytton Creek drainage area as a Community Watershed under the Forest Practices Code.

3. Under current licensing practices Final Water Licences 8290 and 18736 would be issued for domestic and waterworks purpose. The amendment of these licences to include waterworks purpose could lead to designation of the Lytton Creek drainage area as a Community Watershed under the Forest Practices Code.

4. Lytton Creek is noted as fully recorded.

Nepuchin, Nekertch, Stryen, Yawnak Creeks & Small Brook:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nepuchin Creek, Stryen Creek, and * a spring on Stryen Reserve No. 9A for use on Stryen Reserve No. 9A. The Order of the Board, numbered 1552, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nepuchin Creek, Stryen Creek, and a spring on Stryen Reserve No. 9
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 654 acre feet per year for irrigation of 218 acres of Stryen Reserve No. 9, provided that 4,000 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: the name of the spring described on Conditional Water Licence 7130 is unable to be determined.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nepuchin Creek and Nekertch Creek for use on Nkaih Reserve No. 10. The Order of the Board, numbered 7509, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nepuchin and Nekertch Creeks,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 129 acre feet per year for irrigation of 43 acres of Nkaih Reserve No. 10, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from * Yawaucht and Nekertch Creeks, for use on Yawaucht Reserve No. 11. The Order of the Board, numbered 1467, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Yawaucht and Nekertch Creeks,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 159.6 acre feet per year for irrigation of 53.2 acres of Yawaucht Reserve No. 11, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: Yawaucht Creek has been renamed and is now recognized as Yawnak Creek.

Dec 17, 1920 In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued

Conditional Water Licence 5265 . This licence was given a precedence date of July 14, 1920 and authorized the diversion of 390 acre feet per year (from April 1 to September 30) from Nepuchin Creek for irrigation purpose. Of this amount, 1,000 gallons of water per day can be used for domestic purpose. The land to which this licence is appurtenant is 129.5 acres of Lytton Reserve No. 9A.

Jan 15, 1921 In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5304. This licence was given a precedence date of March 23, 1915 and authorized the diversion of 252 acre feet per year (from April 1 to September 30) from Stryen Creek for irrigation purpose. Of this amount, 1,000 gallons of water per day can be used for domestic purpose. The land to which this licence is appurtenant is 100.5 acres of Lytton Reserve No. 9B.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7130, which embodied the terms and conditions set out in Board Order 1552.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7131, which embodied the terms and conditions set out in Board Order 7509.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7138, which embodied the terms and conditions set out in Board Order 1467.

Feb 1, 1943 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 11792 (in substitution of Conditional Water Licence 7138) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 127.5 acre feet per year (from April 1 to September 30) (35.1 acre-feet from Yawaucht Creek and 92.4 from Nekertch Creek), for irrigation purpose on 42.5 acres of Yawaucht Reserve No. 11.

Feb 1, 1943 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 11793 (in substitution of Conditional Water Licence 7131) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 105 acre feet per year (from April 1 to September 30) (66 acre-feet from Nekertch Creek and 39 acre-feet from Nepuchin Creek), for irrigation purpose on 35 acres of Lytton Reserve No. 9A and 36.7 acres of Nkaih Reserve No. 10.

Nov 1, 1945 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued

Final Water Licence 12354 (in partial substitution of Conditional Water Licence 7130) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 199.5 acre feet per year (from April 1 to September 30) from Stryen Creek, for irrigation purpose on 66.5 acres of Stryen Reserve No. 9.

Nov 1, 1945

Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12355 (in partial substitution of Conditional Water Licence 7130) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 202.5 acre feet per year (from April 1 to September 30) from Nepuchin Creek, for irrigation purpose on 30.8 acres of Lytton Reserve No. 9A and 36.7 acres of Stryen Reserve No. 9.

Nov 1, 1945

Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12356 (in partial substitution of Conditional Water Licence 7130) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 45 acre feet per year (from April 1 to September 30) from Small Brook, for irrigation purpose on 15 acres of Lytton Reserve No. 9A.

Nov 1, 1945

Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 12357 (in substitution of Conditional Water Licence 5304) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of March 23, 1915 and authorizes the diversion of 81.3 acre feet per year (from April 1 to September 30) from Stein Creek, for irrigation purpose on 27.1 acres of Lytton Reserve No. 9A.

The file corresponding to Final Water Licence 12357 could not be located and therefore, the current exercise of rights under this licence is unknown.

Jun 1, 1950

In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 19560. This licence has a precedence date of February 24, 1950 and authorizes the diversion of 45 acre feet per year (from April 1 to September 30) from Stryen Creek for irrigation purpose. The land to which this licence is appurtenant is 18 acres of Stryen Reserve No. 9.

Sep 26, 1988 A water application has been made by the Lytton Band to request a water rights permit to divert 20,250 gallons of water for waterworks purpose on Nepuchin Creek.

Jan 17, 1989 The Deputy Comptroller of Water Rights issued an Order to amend Final Water Licence 11792 after having determined that the original source of the water-supply, Yawaucht Creek, has been renamed Yawnak Creek.

Current Status:

Nepuchin Creek:

There are currently two active licences on Nepuchin Creek, both of which are held by the Lytton Band. Both these licences authorize the use of water for irrigation purpose, ranging from 105 to 202.5 acre-feet per year.

Final Licences 11793 and 12355 are first and second in priority on Nepuchin Creek.

Water Survey of Canada has no records of streamflow on Nepuchin Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 11793 and 12355 (which substituted Conditional Water Licences 7131 and 7130) resulted in the reduction of licensed water rights for the Lytton Band.

2. There is currently one outstanding application on Nepuchin Creek. This application was filed by the Lytton Band.

Nekertch Creek:

There are currently two active licences on Nekertch Creek, both of which are held by the Lytton Band. These licences authorize the use of water for irrigation purpose, ranging from 105 to 127.5 acre-feet per year.

Final Licences 11792 and 11793 are first and second in priority on Nekertch Creek.

Water Survey of Canada has no records of streamflow on Nekertch Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 11792 and 11793 (which substituted Conditional Water Licences 7138 and 7131) resulted in the reduction of licensed water rights for the Lytton Band.

Stryen Creek:

There are currently eight active licences on Stryen Creek, three of which are held by the Lytton Band. Of these licences:

- 7 authorize the use of water for irrigation purpose, ranging from 45 to 263 acre-feet per year.
- 2 authorize the use of water for domestic purpose, ranging from 1,000 to 2,000 gallons per day.
- 1 authorizes the use of 4 cubic feet per second of water for power-commercial purpose.

Note: Some licences authorize the use or diversion of water for more than one purpose.

The right held by the Lytton Band under Final Water Licence 12354 is ranked second in priority. Final Water Licence 12357 is fifth in priority and Conditional Water Licence 19560 has seventh priority.

Water Survey of Canada has no records of streamflow on Stryen Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 12354 and 12357 (which substituted Conditional Water Licences 7130 and 5304) resulted in the reduction of licensed water rights for the Lytton Band.

Small Brook:

Final Water Licence 12356 is the only active licence on Small Brook. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Small Brook and there is no other current information on water availability.

Notes:

1. There is no additional information with respect to the rights of the Lytton Band on Small Brook.

Yawnak Creek:

Final Water Licence 11792 is the only active licence on Yawnak Creek. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Yawnak Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 11792 (which substituted Conditional Water Licence 7138) resulted in the reduction of licensed water rights for the Lytton Band.

Nesikep Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nesikep Creek, for use on Nesikep Reserve No. 6. The Order of the Board, numbered 3910, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nesikep Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 357.9 acre feet per year for irrigation of 119.3 acres of Nesikep Reserve No. 6, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7132, which embodied the terms and conditions set out in Board Order 3910.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of

September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nesikep Creek, for use on Seah Reserve No. 5. The Order of the Board, numbered 743, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nesikep Creek,
(ii) take precedence from October 19, 1885,
(iii) authorize diversion of a maximum of 318 acre feet per year for irrigation of 106 acres of Seah Reserve No. 5, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7621, which embodied the terms and conditions set out in Board Order 743.

May 20, 1938 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10288 (in substitution of Conditional Water Licence 7621) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of October 19, 1885 and authorizes the diversion of 169.2 acre feet per year (from April 1 to September 30) from Nesikep Creek, for irrigation purpose on 56.4 acres of Seah Reserve No. 5 and Lytton Reserve No. 5A. Of this amount, 1,000 gallons per day, year-round, may also be for domestic use.

Jun 20, 1938 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10349 (in substitution of Conditional Water Licence 7132) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 88.5 acre feet per year (from April 1 to September 30) from Nesikep Creek, for irrigation purpose on 29.5 acres of Nesikep Reserve No. 6. Of this amount, 1,000 gallons per day, year-round, may also be for domestic use.

May 11, 1983 The Engineer for the Ashcroft Water District issued an Order to amend Final Water Licence 10288 after a review of water use on Nesikep Creek showed a perennial problem with sharing available water. The Lytton Band was ordered to install a weir in order to regulate the flow of water in accordance with the quantity licencee for use.

Aug 3, 1983 The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated March 29, 1982, which cancelled Final Water Licence 10349.

Aug 18, 1992 In reference to Final Water Licence 10288, an enquiry was made by the Lytton Band about provisions for an easement through Lot 29 for the said licence on Seah Reserve No. 5 and Lytton Reserve No. 5A.

Sep 2, 1992 A letter from the Allocation Technician stated that access over private lands would involve negotiation between the parties involved. It was recommended that the easement be registered against the land title if negotiations were successful. There is no further information on file to indicate the outcome of the Lytton's Band request for an easement for Final Water Licence 10288.

Current Status:

There are currently nine active licences on Nesikep Creek, one of which is held by the Lytton Band. Of these licences:

- 4 authorize the use of water for domestic purpose, ranging from 500 to 1,000 gallons of water per day.
- 4 authorize the use of water for irrigation purpose, ranging from 10.5 to 169.2 acre-feet per year.
- 4 authorize the use of water for stockwatering purpose, ranging from 500 to 1,500 gallons per day.

Note: Some licences authorize the use or diversion of water for more than one purpose.

The Lytton Band holds Final Licence 10288 which is first in priority on Nesikep Creek.

Water Survey of Canada has no records of streamflow on Nesikep Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 10288 and 10349 (which substituted Conditional Water Licences 7621 and 7132) resulted in the reduction of licensed water rights for the Lytton Band.
2. Nesikep Creek is noted as fully recorded.

Nikaia Creek:

History:

Jun 10, 1920

At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nikaia Creek, for use on Papyum Reserve No. 27. The Order of the Board, numbered 2637, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nikaia Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 220.5 acre feet per year for irrigation of 73.5 acres of Papyum Reserve No. 27, provided that 3,500 gallons per day, throughout the year, could also be used for domestic purpose.

Jun 10, 1920

At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nikaia Creek, for use on Nickeyeah Reserve No. 25. The Order of the Board, numbered 2631, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nikaia Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 226.8 acre feet per year for irrigation of 75.6 acres of Nickeyeah Reserve No. 25, provided that 2,500 gallons per day, throughout the year, could also be used for domestic purpose.

Jan 15, 1921

In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5303. This licence was given a precedence date of March 23, 1915 and authorized the diversion of 92 acre feet per year (from April 1 to September 30) from Nikaia Creek for irrigation purpose. Of this amount, 750 gallons of water per day can be used for domestic purpose. The land to which this licence was appurtenant was 36.7 acres of Lytton Reserve No. 27A.

Mar 16, 1923

In accordance with an application made by H. Graham, Indian Agent, on

behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 6877. This licence was given a precedence date of July 14, 1920 and authorized the diversion of 141 acre feet per year (from April 1 to September 30) from Nikaia Creek for irrigation purpose. Of this amount, 1,000 gallons of water per day can be used for domestic purpose. The land to which this licence was appurtenant was 47 acres of Lytton Reserve No. 27B.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7140, which embodied the terms and conditions set out in Board Order 2637.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7152, which embodied the terms and conditions set out in Board Order 2631.

Jul 14, 1924 Following many years of dispute between the Mr. Johnson on Lot 359 and occupants of Reserve No.'s 27, 27A, and 27B concerning the maintenance of the joint irrigation ditch, the District Engineer ordered provisions for shared maintenance.

Apr 14, 1925 An agreement was reached between Mr. Johnson and the occupants of Reserve No.'s 27, 27A, and 27B , which outlined details for, shared use, maintenance, and costs of the irrigation ditch from Nikaia Creek.

May 31, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8123 (in substitution of Conditional Water Licence 6877) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of July 14, 1920 and authorizes the diversion of 150 acre-feet per year (from April 1 to September 30) from Nikaia Creek, for irrigation purpose on 34.8 acres of Lytton Reserve No. 27B.

May 31, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8122 (in substitution of Conditional Water Licence 5303) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of March 23, 1915 and authorizes the diversion of 25 acre-feet per year (from April 1 to September 30) from Nikaia Creek, for irrigation purpose on 8.3 acres of Papyum Reserve No. 27A.

May 31, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8124 (in substitution of Conditional Water Licence 7140) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888

and authorizes the diversion of 189.5 acre-feet per year (from April 1 to September 30) from Nikaia Creek, for irrigation purpose on 63.1 acres of Papyum Reserve No. 27.

May 31, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8125 (in substitution of Conditional Water Licence 7152) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence was given a precedence date of September 26, 1888 and authorized the diversion of 150 acre-feet per year (from April 1 to September 30) from Nikaia Creek, for irrigation purpose on 49.9 acres of Nickeyeah Reserve No. 25.

Nov 20, 1934 In accordance with an application made by the Superintendent-General of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 12281. This licence was given a precedence date of July 24, 1933 and authorized the diversion of 55 acre feet per year (from April 1 to September 30) from Nikaia Creek for irrigation purpose. The land to which this licence was appurtenant was 17.5 acres of Lytton Reserve No. 27A.

Feb 12, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9152 to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of December 20, 1932 and authorizes the diversion of 21 acre-feet per year (from April 1 to September 30) from Nikaia Creek, for irrigation purpose on 6.6 acres of Lytton Reserve No. 31.

Jan 16, 1939 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10441 to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of July 24, 1933 and authorizes the diversion of 37.5 acre-feet per year (from April 1 to September 30) from Nikaia Creek, for irrigation purpose on 12.5 acres of Papyum Reserve No. 27A.

Jul 20, 1990 In accordance with an application made by Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 67264 (in substitution of Final Water Licence 8125). This licence has a precedence date of September 26, 1888 and authorizes the diversion of 146.65 acre feet per year (from April 1 to September 30) from Nikaia Creek for irrigation purpose and 2,500 gallons per day for waterworks purpose. The land to which this licence is appurtenant is 48.9 acres of Nickeyeah Reserve No. 25.

Current Status:

There are currently nine active licences on Nikaia Creek, six of which are held by the Lytton Band. Of these licences:

- 9 authorize the use of water for irrigation purpose, ranging from 17 to 189.5 acre-feet per year.
- 6 authorize the use of water for domestic purpose, ranging from 500 to 3,500 gallons per day.
- 1 authorizes the use of 2,500 gallons of water per day for waterworks purpose.

Note: Some licenses authorize the use or diversion of water for more than one purpose.

The Lytton Band holds Conditional Water Licence 67264, which is first in priority on Nikaia Creek. Final Water Licences 8124, 8122, 8123, 9152, and 10441 are second, fifth, sixth, eighth, and ninth in priority.

Water Survey of Canada has no records of streamflow on Nikaia Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 8122, 8123, 8124, 8125, 10441 and 67264 (which substituted Conditional Water Licences 5303, 6877, 7140, 7152, 12281 and 8125) resulted in the reduction of licensed water rights for the Lytton Band.
2. Under current licensing practices Final Water Licence 8124 would be issued for domestic and waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of the Nikaia Creek drainage area as a Community Watershed under the Forest Practices Code.

Nikwoi Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from * Nkuikuet Creek, for use on Cameron Bar Reserve No. 13. The Order of the Board, numbered 993, set out that a conditional licence

should be issued which would:

(i) provide for the diversion of water from Nkuikuet Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 120 acre feet per year for irrigation of 40 acres of Cameron Bar Reserve No. 13, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: Nkuikuet Creek has been renamed and is now recognized as Nikwoi Creek.

Dec 13, 1920 In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5283. This licence was given a precedence date of July 14, 1920 and authorized the diversion of 77 acre feet per year (from April 1 to September 30) from Nkuikuet Creek for irrigation purpose. Of this amount, 750 gallons of water per day can be used for domestic purpose. The land to which this licence was appurtenant was 25.5 acres of Lytton Reserve No. 13A.

Oct22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7136, which embodied the terms and conditions set out in Board Order 993.

Feb1, 1943 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 11791 (in substitution of Conditional Water Licence 7136) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 54 acre feet per year (from April 1 to September 30) from Nkuikuet Creek, for irrigation purpose on 18 acres of Cameron Bar Reserve No. 13.

Feb l, 1943 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 11794 (in substitution of Conditional Water Licence 5283) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of July 14, 1920 and authorizes the diversion of 67.5 acre feet per year (from April 1 to September 30) from Nkuikuet Creek, for irrigation purpose on 22.5 acres of Lytton Reserve No. 13A.

Jan 17, 1989 The Deputy Comptroller of Water Rights issued an Order to amend Final Water Licences 11791 and 11794 after having determined that the original source of the water-supply, Nkuikuet Creek, has been renamed Nikwoi Creek.

Current Status:

There are currently two active licences on Nikwoi Creek, both of which are held by the Lytton Band.

The Lytton Band holds Final Licences 11791 and 11794 which are first and second in priority. Water Survey of Canada has no records of streamflow on Nikwoi Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 11791 and 11794 (which substituted Conditional Water Licences 7136 and 5283) resulted in the reduction of licensed water rights for the Lytton Band.

Nocten Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nocten Creek, for use on Nocten Reserve No. 19. The Order of the Board, numbered 6429, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nocten Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 8.4 acre feet per year for irrigation of 2.8 acres of Nocten Reserve No. 19, provided that 500 gallons per day, throughout the year, could also be used for domestic purpose.

Further information pertaining to Conditional Water Licence 7887 cannot be located because the corresponding file was destroyed in 1945.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7147, which embodied the terms and conditions set out in Board Order 6429.

Feb 2, 1935 The Comptroller of Water Rights issued an Order, in accordance with the notice of proposed cancellation dated December 17, 1934, which cancelled Conditional Water Licence 7147.

Current Status:

There are currently no active licences on Nocten Creek.

Water Survey of Canada has no records of streamflow on Nocten Creek and there is no other current information on water availability.

Notes:

1. The water rights held by the Lytton Band under Conditional Water Licence 7147 on Nocten Creek were cancelled in 1935.

Nohomin Creek:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Nohomeen Creek, for use on * Nohomeen Reserve No. 23. The Order of the Board, numbered 7513, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Nohomeen Creek,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 36.6 acre feet per year for irrigation of 12.2 acres of Nohomeen Reserve No. 23, provided that 1,000 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: Nohomeen Creek has been renamed and is now referred to as Nohomin Creek.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7139, which embodied the terms and conditions set out in Board Order 7513.

Dec 13, 1920 In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5264. This licence was given a precedence date of July 14, 1920 and authorized the diversion of 10,000 gallons per day (from November 1 to March 31) from Nohomin Creek for domestic purpose. The land to which this licence was appurtenant was Lytton

Reserve No. 27B.

July 12, 1932 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 8172 (in substitution of Conditional Water Licence 7139) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 14 acre-feet per year (from April 1 to September 30) from Nohomeen Creek, for irrigation purpose on 4.6 acres of Nohomeen Reserve No. 23.

Feb 12, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9151 (in substitution of Conditional Water Licence 5264) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of July 14, 1920 and authorizes the diversion of 1,000 gallons of water per day (from November 1 to March 31) from Nohomin Creek, for domestic purpose on Lytton Reserve No. 27A.

Jan 15, 1963 A letter from the District Engineer stated that investigations of water use from Nohomeen Creek found that the ditch from Point 'K' Nohomeen Creek terminates at the ditch from Nikaia Creek. The extension of the said ditch from point K to the reserve had not been used for the transport of water for domestic use as authorized under Conditional Water Licence 9151 and therefore, because of lack of use, it was suggested that the licence be abandoned.

Jan 24, 1963 A letter from the District Engineer stated that, because residents of Lytton Reserve No. 27B use a portion of the Nikaia Creek ditch to carry water from the end of Nohomin Creek ditch to the Reserve, an application for a Change of Works for Conditional Water Licence 9151 would be beneficial to legalize this route.

A corresponding letter from the Indian Affairs Branch stated that the Band would be applying for a Change of Works to legalize the ditch route used to convey water for domestic purposes.

Dec 10, 1969 A letter from the District Engineer stated that the construction of works for Final Water Licence 9151 had commenced before an application for Change of Works had been submitted. It was suggested that the Band apply for Change of Works. Furthermore, Conditional Water Licence 9151 authorizes the diversion of water only for the period of November 1 to March 31. To permit use during the remainder of the year, an additional licence was needed.

Further information regarding suggestions made by the District Engineer are not available on file.

Mar 12, 1981 The Deputy Comptroller of Water Rights issued an Order to amend Final Water Licence 8172 after having determined that the original source of the water-supply, Nohomeen Creek, has been renamed Nohomin Creek.

Current Status:

There are currently eight active licences on Nohomin Creek, two of which are held by the Lytton Band. Of these licences:

- 5 authorize the use of water for irrigation purpose ranging from 3.9 to 57.5 acre-feet.
- 5 authorize the use of water for domestic purpose, ranging from 500 to 1,000 gallons per day.

The Lytton Band holds Final Licences 8172 and 9151 which are first and second in priority on Nohomin Creek.

Water Survey of Canada has no records of streamflow on Nohomin Creek and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licences 8172 and 9151 (which substituted Conditional Water Licences 7139 and 5264) resulted in the reduction of licensed water rights for the Lytton Band.

Saw Creek:

History:

Jun 15, 1973 In accordance with an application made by the Superintendent-General of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 41049. This licence has a precedence date of November 30, 1971 and authorizes the diversion of 2,000 gallons a day from *Sawmill Creek for domestic purpose. The land to which this licence is appurtenant is the part of Kitzowit Reserve No. 20 , Kamloops Division of Yale District, lying east of Trans Canada Highway.

*Note: Sawmill Creek is currently recognized as Saw Creek.

May 11, 1988 A letter from the Lytton Band stated that there was concern regarding the proposal to construct additional houses on Kitzowit Reserve No. 20. The Band envisioned probable water shortages if further licencing on Sawmill Creek was to occur.

Nov 12, 1993 In response to the Lytton Band's concern over shortage of water, a memo from the Civic Engineer stated that a change of works would be required if the Band chose to install a reliable water delivery system on Sawmill Creek. To date, no applications for change of works or amendments to Conditional Water Licence 41049 have been made.

Current Status:

There are currently three active licences on Sawmill Creek, one of which is held by the Lytton Band. Of these licences:

- 2 authorize the use of water for domestic purpose, ranging from 1,000 to 2,000 gallons per day.
- 1 authorizes the use of 15 acre-feet of water for irrigation purpose.

The Lytton Band holds Conditional Water Licence 41049 which is second in priority on Sawmill Creek.

Water Survey of Canada has no records of streamflow on Sawmill Creek and there is no other current information on water availability.

Notes:

1. Under current licensing practices Conditional Water Licence 41049 would be issued for domestic and waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of the Sawmill Creek drainage area as a Community Watershed under the Forest Practices Code.

Siwhe Creek:

History:

Jan 2, 1945 In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 16299. This licence has a precedence date of November 3, 1944 and authorizes the diversion of 24 acre feet per year from Siwhe Creek for irrigation purpose. The land to which this licence

is appurtenant is 8 acres of Lytton Reserve No. 4F.

Current Status:

Conditional Water Licence 16299 is currently the only active licence on Siwhe Creek. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Siwhe Creek and there is no other current information on water availability.

Notes:

1. There are currently two outstanding applications on Siwhe Creek, neither of which were filed by the Lytton Band.

Spintlum, Flat, & Conte Creeks:

History:

Sep 24, 1888 The Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Lytton Band:

*"50 inches of water from the two * small creeks at the Northern end of the reserve is allotted for the use of the Indians."*

*Note: The two small creeks referred to in the Minute of Decision are now recognized as Spintlum and Flat Creeks.

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Spintlum, Flat, and Conte Creeks, * and an unnamed spring for use on Spintlum Reserve No. 3. The Order of the Board, numbered 3911, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Spintlum, Flat, and Conte Creeks, and an unnamed spring,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 279 acre feet per year for irrigation of 93 acres of Spintlum Reserve No. 3, provided that 2,000 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: There is no information available to indicate the name of the unnamed spring described in Conditional Water

Licence 7133.

*Note: The allocation of water from Conte Creek is noted as abandoned.

Dec 9, 1920 In accordance with an application made by H. Graham, Indian Agent, on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 5257. This licence was given a precedence date of July 14, 1920 and authorized the diversion of 32 acre feet per year (from April 1 to September 30), from Spintlum Creek for irrigation purpose. The land to which this licence was appurtenant was 10.5 acres of Lytton Reserve No. 3A.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7133, which embodied the terms and conditions set out in Board Order 3911.

Nov 20, 1934 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9007 (in substitution of Conditional Water Licence 5257) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of July 14, 1920 and authorizes the diversion of 32 acre feet per year (from April 1 to September 30) from Spintlum Creek, for irrigation purpose on 10.5 acres of Lytton Reserve No. 3A. Of this amount, 750 gallons per day, year-round, may also be for domestic use.

Feb 12, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9144 (in partial substitution of Conditional Water Licence 7133) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 15 acre feet per year (from April 1 to September 30) from Flat Creek, for irrigation purpose on 5 acres of Spintlum Flat Reserve No. 3. Of this amount, 500 gallons per day, year-round, may also be for domestic use.

Feb 12, 1935 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9145 (in partial substitution of Conditional Water Licence 7133) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 45 acre feet per year (from April 1 to September 30) from Spintlum Creek, for irrigation purpose on 15 acres of Spintlum Flat Reserve No. 3. Of this amount, 750 gallons per day, year-round, may also be for domestic use.

Feb 12, 1935 Based on the extent to which the rights granted under the former licence

were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 9146 (in partial substitution of Conditional Water Licence 7133) to the Superintendent-General of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 100 acre feet per year (from April 1 to September 30) from False (Conte Creek), for irrigation purpose on 33 acres of Spintlum Flat Reserve No. 3. Of this amount, 750 gallons per day, year-round, may also be for domestic use.

Jan 17, 1989 The Deputy Comptroller of Water Rights issued an Order to amend Final Water Licence 9146 after having determined that the original source of the water-supply, False (Conte) Creek, has been renamed Conte Creek.

Current Status:

Spintlum Creek:

There are currently two active licences on Spintlum Creek, both of which are held by the Lytton Band. Of these licences:

- 2 authorize the use 750 gallons of water per day for domestic purpose.
- 2 authorize the use water for irrigation purpose, ranging from 32 to 45 acre-feet.

The Lytton Band holds Final Licences 9145 and 9007 which are first and second in priority on Spintlum Creek.

Water Survey of Canada has no records of streamflow on Spintlum Creek and there is no other current information on water availability.

Flat Creek:

Final Water Licence 9144 is the only active licence on Flat Creek. It is for the use and benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Flat Creek and there is no other current information on water availability.

Conte Creek:

Final Water Licence 9146 is the only active licence on Conte Creek. It is for the use an benefit of the Lytton Band.

Water Survey of Canada has no records of streamflow on Conte Creek and there is no other current information on water availability.

Notes:

1. The Lytton Band's prior right to water allotted by the Indian Reserve Commission has not been formally recognized by the Province.

2. The issuance of Final Water Licences 9144 and 9145 (which substituted Conditional Water Licence 7133) resulted in the reduction of licensed water rights for the Lytton Band.

3. Spintlum Creek is noted as fully recorded except during the spring freshet.

St. George Spring:

History:

Jun 10, 1920 At a final hearing before the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from an * unnamed spring, for use on Nuuautin Reserve No. 2. The Order of the Board, numbered 7964, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Spring G,
(ii) take precedence from September 26, 1888,
(iii) authorize diversion of a maximum of 447 acre feet per year for irrigation of 149 acres of Nuuautin Reserve No. 2, provided that 1,500 gallons per day, throughout the year, could also be used for domestic purpose.

*Note: The unnamed spring described in Conditional Water Licence 7964 is now recognized as St. George Spring.

Mar 2, 1925 The Comptroller of Water Rights issued Conditional Water Licence 7964, which embodied the terms and conditions set out in Board Order 8010.

Apr 15, 1939 Based on the extent to which the rights granted under the former licence were being exercised at the time, the Comptroller of Water Rights issued Final Water Licence 10593 (in substitution of Conditional Water Licence 7964) to the Director of Indian Affairs on behalf of the Lytton Band. The licence has a precedence date of September 26, 1888 and authorizes the diversion of 50 acre feet per year (from April 1 to September 30) from St. George Springs, for irrigation purpose on 16.5 acres of Nuuautin Reserve No. 2. Of this amount, 1,000 gallons per day, year-round, may also be for

domestic use.

Feb 22, 1962 In accordance with an Application for Change of Works made by the Lytton Indian Agency, on behalf of the Lytton Band, the Deputy Comptroller of Water Rights issued an Order embodying the change of works for Final Water Licence 10593.

Nov 2, 1964 In accordance with an application made by the Director of Indian Affairs on behalf of the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 29326. This licence has a precedence date of May 10, 1962 and authorizes the diversion of 2,000 gallons of water per day from St. George Springs for domestic purpose. The land to which this licence is appurtenant is 47 acres of Nuuautin Reserve No. 2.

Dec 19, 1994 An application for change of purpose for Conditional Water Licence 29326 was made by the Lytton Band. The proposed change would authorize the diversion of water for irrigation purpose.

Current Status:

There are currently three active licences on St. George Springs, all of which are held by the Lytton Band. Of these licences:

- 3 authorize the use of water for domestic purpose, ranging from 1,000 to 2,000 gallons per day.
- 2 authorize the use of water for irrigation purpose, ranging from 50 to 550 acre-feet.

The Lytton Band holds Final Licences 10593 and 3140 which are first and second in priority on St. George Springs. Conditional Water Licence 29326 is ranked third in priority.

Water Survey of Canada has no records of streamflow on St. George Springs and there is no other current information on water availability.

Notes:

1. The issuance of Final Water Licence 10593 (which substituted Conditional Water Licence 7964) resulted in the reduction of licensed water rights for the Lytton Band.

2. The allotment of water under Conditional Water Licence 29326 is less than the amount that the Lytton Band applied for.

3. Under current licensing practices Conditional Water Licence 29326 would be issued for domestic and waterworks purpose. The amendment of this licence to include waterworks purpose could lead to designation of the St. George Spring's drainage area as a Community Watershed under the Forest Practices Code.

Stein River:

History:

Mar 31, 1989 — In accordance with an application made by the Lytton Band, the Comptroller of Water Rights issued Conditional Water Licence 65602. This licence has a precedence date of September 6, 1984 and authorizes the diversion of 40,000 gallons of water per day from Stein River for waterworks purpose. This licence is appurtenant to the undertaking of the licensee within Stryen Reserve No. 9 lying north of the Stein River and east of Plan M8176.

May 21, 1992 — A water application has been made by the Lytton Band to request a water rights permit to divert 135,000 gallons of water per day from Stein River for waterworks purpose. The land to which this licence will be appurtenant is Halhalaeden 14A, Stryen 9, Inkluckcheen 21B, Lytton 21A, Nuuautin 2B, Inkluckcheen 21 and Nuuautin 2.

Current Status:

Conditional Water Licence 65602 is currently the only active licence on Stein River. It is for the use and benefit of the Lytton Band.

Water Survey of Canada operated station 08MF011 on Stein River from 1911 to 1913. During this period, the station recorded a minimum daily discharge of 2.27 m^3/sec (80.16 cubic feet/sec) on March 10, 1912, and a maximum daily discharge of 136 m^3/sec (4802.70 cubic feet/sec) on June 6, 1913. Mean monthly discharges reach a low of 3.2 m^3/sec in March and rise to a high of 72 m^3/sec in June.

Notes:

1. There is currently one outstanding application on Stein River. This application has been filed by the Lytton Band.

MAKA 8

History:

Sep 24, 1888 The Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Lytton Band:

*"The surplus water of * "Nick-wye-yah" creek is assigned to the use of the Indians."*

*Note: Nick-wye-yag creek, also spelled Nickeyeyah Creek, is located adjacent to Nikaia Creek. This is not in the vicinity of Maka Reserve No. 8.

OTHER INFORMATION:

Additional Water Records:

The *Schedule of Indian Reserves in the Dominion, 1913,* is a document published by the federal government, recording each Band's water allocations up to 1913. We believe these records are a compilation of Minute of Decisions, Order-in-Councils, and perhaps other documents. However, as original copies of these documents are unavailable, the dates and information cannot be verified.

Allocations in the *Schedule of Indian Reserves in the Dominion* for the benefit of the Lytton Band which are inconsistent with our findings are:

Reserve	Water Allocation
Spintlum Flat 3	*"50 inches of water recorded from two small creeks at the north end of the reserve, and all the water from all sources of water-supply on the reserve."*

Board Order 3911 (Conditional Water Licence 7133) stated that a bona fide application for a record of water from Spintlum Creek and Flat Creek was used for beneficial purposes. The Lytton Band was granted 279 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (50 inches or 333.35 acre feet).

Nickel Palm 4

*"All the water recorded from * Ikualchin creek, which forms the northwestern boundary of the reserve."*

*Note: It is assumed that Ikualchin creek is Intlpam Creek.

Board Order 852 (Conditional Water Licence 7135) stated that a bona fide application for a record of water from Intlpam Creek South Fork was used for beneficial purposes. The Lytton Band was granted 136.2 acre feet of water a year which is less that the amount allocated in the Schedule of Indian Reserves in the Dominion.

Seah 5

"All the water from Fort Dallas creek recorded for use on this reserve."

*Note: Fort Dallas Creek is recognized as Della Creek.

Board Order 798 (Conditional Water Licence 7620) stated that a bona fide application for a record of water from Della Creed was used for beneficial purposes. The Lytton Band was granted 318 acre feet of water a year which is less that the amount allocated in the Schedule of Indian Reserves in the Dominion.

Nesikep 6

"100 inches of water recorded from Nesikep Creek.."

Board Order 3910 (Conditional Water Licence 7132) stated that a bona fide application for a record of water from

Nesikep Creek was used for beneficial purposes. The Lytton Band was granted 357.9 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

"...100 inches from Stuouck creek."

Board Order 3915 (Conditional Water Licence 7352) stated that a bona fide application for a record of water from Stuouck Creek (now recognized as Cinquefoil Creek) was used for beneficial purposes. The Lytton Band was granted 535.2 acre feet of water a

year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

Maka 8

"5 inches of water recorded from Bootahnie Creek."

This water record was later abandoned by the Indian Commissioner of British Columbia on January 16, 1926.

Stryen 9

"250 inches of water recorded from Stryen creek, 50 inches from Nepucheen creek, and all the water from all sources of water-supply on the reserve."

Board Order 1552 (Conditional Water Licence 7130) stated that a bona fide application for a record of water from Stryen Creek, Nepucheen Creek, and a spring was used for beneficial purposes. The Lytton Band was granted 654 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (300 inches or 2,000 acre feet).

Nkaih 10

"50 inches of water recorded from Nepucheen creek, 50 inches from Nekerkht creek."

Board Order 7509 (Conditional Water Licence 7131) stated that a bona fide application for a record of water from Nekertch Creek and Nepucheen Creek was used for beneficial purposes. The Lytton Band was granted 129 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

Yawaucht 11

"50 inches of water recorded from Yawaucht creek."

Board Order 1467 (Conditional Water Licence 7138) stated that a bona fide application for a record of water from Yawaucht Creek and Nekertch Creek was used for beneficial purposes. The Lytton Band was granted 159.6 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (50 inches or 333.35 acre feet).

Tsaukan 12

"10 inches of water recorded from Nesultco creek."

*Note: There is no information available to determine the location of Nesultco Creek. However, as Inkoiko Creek flows north of Tsaukan 12, it is possible that Nesultco Creek is now Inkoiko Creek.

Board Order 550 (Conditional Water Licence 7137) stated that a bona fide application for a record of water from Inkoiko Creek was

used for beneficial purposes. The Lytton Band was granted 142.8 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

Cameron Bar 13

"75 inches of water recorded from Nkuikuet creek and all the water from all other sources of water-supply on the reserve."

Board Order 993 (Conditional Water Licence 7136) stated that a bona fide application for a record of water from Nkuikuet Creek was used for beneficial purposes. The Lytton Band was granted 120 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (75 inches or 500 acre feet).

Halhalaeden 14

*"100 inches of water recorded from Halhalaeden creek, all the water from *Kuaiuok Creek and from all other sources of water-supply on the reserve."*

Board Order 3900 (Conditional Water Licence 7134) stated that a bona fide application for a record of water from Seven Mile Creek and Halhalaeden Creek was used for beneficial purposes. The Lytton Band was granted 117.9 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

*Note: There is indication of a Kwoiek Creek located directly south of the Lytton Reserves and west of the Fraser River. However, this water source is not in the vicinity of Halhalaeden Reserve No. 14 and therefore cannot be assumed to be Kuaiuok Creek.

Bootahnie 15

"200 inches of water from Inchawkawwiaken creek and all the water from all sources of water-supply on the reserve."

Board Order 4961 (Conditional Water Licence 7889) stated that a bona fide application for a record of water from Skoonka Creek was used for beneficial purposes. The Lytton Band was granted 260 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (200 inches or 1333.4 acre feet).

Two Mile Creek 16

"5 inches of water recorded from Two Mile creek and all the water from all other sources of water-supply on the reserve."

There are no records of water rights having been granted on this reserve.

Klickkumcheen 18

"10 inches of water recorded from the discharge pipe of the Canadian Pacific Railway Company's station cistern, 10 inches from Lytton creek and all the water from two springs between the reserve and the Fraser river."

Board Order 6581 (Conditional Water Licence 7354) stated that a bona fide application for a record of water from Lytton Creek and Klickkumcheen Springs was used for beneficial purposes. The Lytton Band was granted 51.6 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (20 inches or 133.34 acre feet).

Nocten 19

"5 inches of water recorded from the creek at the northeast corner of the reserve, and all the water from all other sources of water-supply on the reserve."

This allocation from Nocten Creek was cancelled by the Comptroller of Water Rights on February 2, 1935. There is no indication that the Band was notified of this cancellation.

Kitzowit 20

*"15 inches of water recorded from the * stream flowing through the reserve and all the water from all other sources of water-supply on the reserve."*

*Note: There is no indication of a stream flowing through Kitzowit Reserve No. 20.

This allocation was cancelled by the Comptroller of Water Rights on September 15, 1934.

Inkluckcheen 21

"50 inches of water recorded from Bootahnie creek and all the water from all other sources of water-supply on the reserve."

Board Order 8010 (Conditional Water Licence 7890) stated that a bona fide application for a record of water from Botanie and Skoonka Creeks was used for beneficial purposes. The Lytton Band was granted 228 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (50 inches or 333.35 acre feet).

Kleetlekut 22

"20 inches of water from Inchawkawwisken creek to be discharged into Bootahnie Lake, thence to reserves No.'s 2 and 22, and all the water from all other sources of water-supply on the reserve."

Board Order 7891 (Conditional Water Licence 2394) stated that a bona fide application for a record of water from Botanie and Skoonka Creeks was used for beneficial purposes. The Lytton

Band was granted 345 acre feet of water a year. The quantity authorized under the Board Order is more than the amount stated in the Dominion's schedule (20 inches or 133.34 acre feet).

Nohomeen 23

"50 inches of water recorded from Nohomeen creek."

Board Order 7513 (Conditional Water Licence 7139) stated that a bona fide application for a record of water from Nohomeen Creek was used for beneficial purposes. The Lytton Band was granted 36.6 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (50 inches or 333.35 acre feet).

Tuckozap 24

"50 inches of water recorded from Bootahnie creek."

Board Order 2580 (Conditional Water Licence 7892) stated that a bona fide application for a record of water from Botanie Creek was used for beneficial purposes. The Lytton Band was granted 83 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (50 inches or 333.35 acre feet).

Nickeyeah 25

"200 inches of water recorded from Nickeyeah creek."

Board Order 2631 (Conditional Water Licence 7152) stated that a bona fide application for a record of water from Nikaia Creek was used for beneficial purposes. The Lytton Band was granted 226.8 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (200 inches or 1333.4 acre feet).

Skwayaynope 26

"100 inches of water recorded from Kwellannht creek, and all the water from all other sources of water supply on the reserve."

Board Order 399 (Conditional Water Licence 7153) stated that a bona fide application for a record of water from Kwellanaht Creek was used for beneficial purposes. The Lytton Band was granted 374.1 acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

Papyum 27

"100 inches of water recorded from Nickeyeah creek."

Board Order 2637 (Conditional Water Licence 7140) stated that a bona fide application for a record of water from Nikaia Creek was used for beneficial purposes. The Lytton Band was granted 220.5

acre feet of water a year. The quantity authorized under the Board Order is less than the amount stated in the Dominion's schedule (100 inches or 666.7 acre feet).

Groundwater Records:

Review of the Groundwater Section finds evidence of one well on Lytton Reserve No. 9. The well on the reserve yields 20 gallons per minute of water. Further details are attached to this report. The extent to which these wells are utilized at this time is unknown and as provision of this information is voluntary, it cannot be assumed to be complete.

Alternate Water Sources:

At this time the potential for water supply from a municipality is limited as there are no municipal water systems in the proximity of the Lytton Reserves.

The proximity of the Fraser and Thompson Rivers to the Lytton Reserves presents the potential for water supply to these reserves via these river systems.

Fisheries:

The Minute of Decision of the Indian Reserve Commission described two reserves with allocations of exclusive rights to fisheries. These included:

Reserve	Fisheries Allocation
Seah 5	*"The exclusive right of salmon fishing on both banks of the river from a point a quarter mile north of this reserve, and extending downstream one mile."*
Nesikep 6	*"The exclusive right of fishing on both sides of Fraser River from the northern boundary of the reserve to the southern boundary, a distance of 2 1/2 miles."*

In addition, the *Schedule of Indian Reserves in the Dominion* describes the allocation of fishing rights on Nananahout 1, Nuuautin 2, Lytton 3A, 4A, 4B, 4C, 4D, 4E, 5A, 9A, 9B, 21A, 26A, Fish Lake 7, Cameron Bar 13A, and Papyum 27A.

Inches	Sources of Supply.
7.5	Hamilton's Creek.
20	Two little streams flowing from the west towards Hamilton's Creek, about 5 miles from Nicola Lake.

Geo. A. Hills

Minutes of Decision.

Lytton Indians.

No. 1.

A Reserve of 750 acres, situated on the trail from Lytton to Botanie Creek, at a place known as Na-na-na-hout.

Commencing at a fir tree marked Indian Reserve, and running East 50 chains; thence due South to the Botanie reserve as defined by Mr. Sproat, an approximate distance of 106 chains; thence West 70 chains; thence an approximate distance of 106 chains North; and thence East 10 chains to place of commencement.

No. 2.

A Reserve of 650 acres, situated on the left bank of Fraser river, about two miles North of Lytton, and adjoining the farm of Mr. Thomas Seward.

Commencing at a point on the Eastern boundary of Lot 2, Group 1, Lytton district, 10 chains South of the North-eastern corner post, and running East to the Kettleat reserve, an approximate distance of

Lytton Indians.

No. 2. — Continued.

of 55 chains; thence South 60 chains; thence West to the Fraser river; thence up the left bank of the said river an approximate distance of 65 chains; thence due East to the Western boundary of Lot 2, Group 1, 20 chains South of the North-western corner, and thence following the Southern boundary of the said Lot 62 chains 92 links to place of commencement.

No. 3.

A Reserve on the left bank of Fraser river, about seven miles above Lytton, known as Spintum flat.

Commencing at a point on Fraser river West of a red pine tree marked Indian Reserve, and running East through the said red pine 20 chains; thence North 100 chains; thence West to the Fraser river, an approximate distance of 44 chains; and thence down the left bank of the said river to the place of commencement.

Yale.

Lytton Indians.

Geo. A. Walkem

Water.

50 inches of water from the two small creeks at the Northern end of the reserve is allotted for the use of the Indians.

No. 4.

The old Reserve of Nicholas Paim, on the right bank of Fraser river, containing 110 acres by official survey, is hereby confirmed.

Water

All the water in the stream, the North-western boundary of the reserve, is allotted to the Indians.

No. 5.

A Reserve known as Ce-ah, situated on the right bank of the Fraser river, about one mile below Foster's Bar, and containing 310 acres.

Commencing at a fir tree marked Indian Reserve, on the bank of the Fraser, and running West 40 chains; thence North

1/

— No 5 — Continued. —

to the Fraser River, an approximate distance of 91 chains; and thence down the right bank of the said river to the place of commencement.

— Water. —

The whole of the Water of Fort Dallas creek is allotted for use on this reserve.

— Grave-yard. —

A Grave-yard, situated on the right bank of Fraser river, about one mile below Fort Dallas creek, is also reserved.

— Fishery. —

The exclusive right of salmon fishing on both banks of the river from a point 1/4 mile North of this reserve, and extending down stream one mile.

No 6.

Sutton Indians.

No. 6.

A Reserve of 1121 acres, situated on both sides of Fraser River, 14½ miles below Lillooet, and known as No. 6 Sutton reservation.

Commencing at a small red pine marked Indian Reserve, on the left bank of Stein-cuck creek, and running North 80 chains; thence West 30 chains; thence North 80 chains; thence West 90 chains; thence South 136 chains; thence East to Fraser river, an approximate distance of 115 chains; thence up the right bank of the said river to a point due West of the starting point; and thence due East to the place of commencement.

Fishery

The exclusive right of fishing on both sides of Fraser River from the Northern boundary of the reserve to the Southern boundary, a distance of about 2½ miles.

Water.

100 inches of water from the first creek below the reserve, on the right bank of Fraser river is allotted for the use of the Indians.

100 inches

Lytton Indians.

— Water — Continued. —

100 inches of Water from Stu-ouck creek is also reserved for irrigating purposes.

— No. 7. —

A Fishery Reserve on Fish lake, at the head of Stu-ouck creek, on the trail from Foster's Bar to the Fountain, containing 80 acres.

Commencing at a fir tree marked Indian Reserve, and running East 20 chains; thence South 40 chains; thence West 20 chains; and thence North 40 chains to the place of commencement.

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE

(IRRIGATION)

Appurtenant to 10.5 acres of Lytton Indian Reserve No. 3A.

WHEREAS H. Graham, Indian Agent, whose post-office address is Lytton, B. C.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

(1.) Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(*a.*) The source of the water-supply is Splintlum Creek a tributary of Fraser River.

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence shall take precedence is 14th July, 1920.

Superseded by Final Licence 9007

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (*g*) hereof are under irrigation is, until lawfully altered, 32 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ..... from ..... (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data have been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum is 3 acre-feet per acre of land irrigated and an additional amount for reasonable seepage and evaporation.

And provided further that there may be used in addition 750 gallons of water per day throughout the whole year for domestic purpose as being incidental to the irrigation purpose.

Licence Number 52[illegible]

Form 1004, W.R.B. (Conditional Licence—Irrigation).—1,000-1-20.

5257

ORIGINAL

(f.) The period of the year during which the water may be used is 1st April to 30th September.

(g.) The area and description of the irrigable lands to which this right may extend on completion of works and beneficial use of the water in the irrigation of the said lands are 10.5 acres, comprising part of Lytton Indian Reserve No.3A.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

(h.) The other terms and conditions respecting the right are:—

(1.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached and hereby made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(2.) The said construction shall be commenced on or before the first day of May, 1921.

(3.) The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller, and shall be completed on or before the thirtieth day of September, 1930

(4.) The lands described in clause (g) hereof shall have been properly prepared for irrigation and shall have been irrigated beneficially from the said works on or before the thirtieth day of September, 1930.

(5.)

(i.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(j.) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon, or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and shall be subject to such terms and conditions as the Minister may prescribe.

(2.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

Issued this ninth day of December, 1920.

PROVINCE OF BRITISH COLUMBIA

WATER RIGHTS BRANCH.

DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

For DOMESTIC purpose.

Appurtenant to Lytton No.27B Indian Reserve

WHEREAS H. Graham, Indian Agent as owner or lawful occupant of the land, mine, or undertaking hereinafter specified has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Nohomin Creek a tributary of Fraser River

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof.

(c.) The date from which this licence and the right to take and use water thereunder shall take precedence is 14th July, 1920.

(d.) The water is to be used for Domestic purpose and incidentally for ---------- purpose.

(e.) The maximum quantity of water which may be used at the place of use is:—

For Domestic purpose 10,000 gallons per day

For ---------- purpose ----------

and an additional amount may be diverted to provide against reasonable loss by seepage and evaporation in conveyance from the point of diversion to the place of use.

(f.) The period of the year during which the water may be used is 1st November to 31st March

(g.) The area and description of the lands or mines upon which the water may be used are Lytton No.27B Indian Reserve. Superseded by Final Licence 9151 9152

which area and description are more particularly shown in the said exhibit "A."

(h.) The works which are required to be constructed consist of all the works set out in the exhibit marked "B" hereto attached, which is incorporated herewith and made a part hereof.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE

(IRRIGATION)

Appurtenant to 129.5 acres of Lytton No.9A Indian Reserve.

WHEREAS H. Graham, Indian Agent, whose post-office address is Lytton, B. C.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

(1.) Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Nepucheen Creek a tributary of Fraser River

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence shall take precedence is 14th July, 1920.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 390 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ..... from ..... (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data have been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum is 3 acre-feet per acre of land irrigated and an additional amount for reasonable seepage and evaporation.

And provided further that there may be used in addition 1000 gallons of water per day throughout the whole year for domestic purpose as being incidental to the irrigation purpose.

ORIGINAL.

(*f.*) The period of the year during which the water may be used is 1st April to 30th September.

(*g.*) The area and description of the irrigable lands to which this right may extend on completion of works and beneficial use of the water in the irrigation of the said lands are 129.5 acres, comprising part of Lytton No.9A Indian Reserve.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

(*h.*) The other terms and conditions respecting the right are:—

(1.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached and hereby made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(2.) The said construction shall be commenced on or before the first day of May, 19 21.

(3.) The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller, and shall be completed on or before the thirtieth day of November, 19 30.

(4.) The lands described in clause (*g*) hereof shall have been properly prepared for irrigation and shall have been irrigated beneficially from the said works on or before the thirtieth day of November, 1930.

(5.)

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon, or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and shall be subject to such terms and conditions as the Minister may prescribe.

(2.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

Issued this seventeenth day of December, 19 20.

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

FOR STORAGE PURPOSE.

Appurtenant to 27.5 acres of Lytton Indian Reserve No. 24.

WHEREAS Harry Graham, Indian Agent for the Indians on the said Reserve, whose post-office address is Lytton, B. C. as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a licence to store water; and

Whereas a ~~licence or~~ record has been previously issued or made in respect of the said land, mine, or undertaking, ~~being Licence No.~~ which will be replaced by a Conditional Licence (hereinafter called the "diversion licence or record"),

authorizing the beneficial use of 62.5 acre feet (Quantity.) of water per annum for Irrigation purpose, which quantity of water the water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to store water under the following terms and conditions:—

(a.) The source of the supply is Botanie Lake a tributary of Botanie Creek

(b.) The point or points of diversion from the stream or streams, and the points where the stored water is to be placed in and taken from any natural watercourse or any dry gulch or draw is shown in the exhibit marked "A," hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to store water thereunder shall take precedence is 13th July, 1914.

(d.) The purpose for which the stored water is to be used is that set out in the diversion licence or record.

(e.) The maximum quantity of water which may be stored under this licence, estimated for the time being at 75 acre-feet per annum, is such quantity as, together with the quantity of natural-flow water used under the diversion licence or record will be necessary to secure to the licensee the quantity to which he is entitled under the said diversion licence or record.

(f.) The period of the year during which the water may be stored (accumulated) is from the first day of October to the fifteenth day of June, but it may be retained in the reservoir until required for use under the diversion licence or record subject to the approval of the Engineer of the Water District.

License Number 5466

(g.) The land, mine, or undertaking on which or in respect of which the water may be used is as set out in the diversion licence or record.

(h.) The works which are required to be constructed consist of all the works set out in exhibit "B" hereto attached, which is incorporated herewith and made a part hereof.

(i.) The construction of the said works shall be commenced on or before the ... already commenced. day of ....., 191....., and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said construction shall be completed and the water beneficially used for the purpose set out in this licence on or before the thirtieth day of September, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(l.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

(m.) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon, or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and shall be subject to such terms and conditions as the Minister may prescribe.

Issued this nineteenth day of March, 1921.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(IRRIGATION)

Appurtenant to 40 acres of Lytton Indian Reserve No.21A.

WHEREAS H. Graham, Indian Agent, whose post-office address is Lytton, B. C. as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

(1.) Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Botanie Creek a tributary of Fraser River.

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence shall take precedence is 21st April, 1915.

Superseded by Final Licence 9277/8

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 120 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ..... from ..... (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data have been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum is 3 acre-feet per acre of land irrigated and an additional amount for reasonable seepage and evaporation.

And provided further that there may be used in addition ..... gallons of water per day throughout the whole year for domestic purpose as being incidental to the irrigation purpose.

Licence Number 5480

CONDITIONAL WATER LICENCE.

FOR STORAGE PURPOSE.

Appurtenant to 40 acres of Lytton Indian Reserve No. 21A.

WHEREAS Harry Graham, Indian Agent, whose post-office address is Lytton, B.C. as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a licence to store water; and

Whereas a licence or record has been previously issued or made in respect of the said land, mine, or undertaking, being Licence No. 5480 (hereinafter called the "diversion licence or record"), authorising the beneficial use of 120 acre feet (Quantity.) of water per annum for Irrigation purpose, which quantity of water the water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to store water under the following terms and conditions:—

(a.) The source of the supply is Botanie Lake ~~Cancelled by Final Licence 9280~~

a tributary of Botanie Creek

(b.) The point or points of diversion from the stream or streams, and the points where the stored water is to be placed in and taken from any natural watercourse or any dry gulch or draw is shown in the exhibit marked "A," hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to store water thereunder shall take precedence is 21st April, 1915.

(d.) The purpose for which the stored water is to be used is that set out in the diversion licence or record.

(e.) The maximum quantity of water which may be stored under this licence, estimated for the time being at ~~120~~ 80 acre-feet per annum, is such quantity as, together with the quantity of natural-flow water used under the diversion licence or record will be necessary to secure to the licensee the quantity to which he is entitled under the said diversion licence or record.

(f.) The period of the year during which the water may be stored (accumulated) is from the 1st day of October to the 15th day of June, but it may be retained in the reservoir until required for use under the diversion licence or record subject to the approval of the Engineer of the Water District.

CONDITIONAL WATER LICENCE
(IRRIGATION)

Appurtenant to 124.7 acres of Lytton Indian Reserve No.26.

WHEREAS H. Graham, as agent for the Indians on the Lytton Indian Reserve No.26, whose post-office address is Lytton, B. C.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Komiak and Klowa Creeks, tributaries of Fraser River.

(2.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 17th January 1921.

Superseded by 12046

Final Licence

(4.) The purpose for which the water is to be used is irrigation and incidentally domestic use.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 300 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said 300 acre-feet there may be used 2000 gallons of water a day throughout the whole year for domestic purpose.

(6.) The period of the year during which the water may be used is 1st April to 30th September.

(7.) The area and description of the lands upon which the water may be used are 124.7 acres, comprising part of Lytton Indian Reserve No.26.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

Licence Number 6291

Form 1004. W.R.B. (Conditional Licence—Irrigation)—5806.

ORIGINAL

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 30th day of November, 1930

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

The said construction shall be commenced on or before the already commenced day of ....., 192.....

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 30th day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to ..... Licence No. ..... for the diversion of ..... acre-feet per annum from ..... and Licence No. ..... for the diversion of ..... acre-feet per annum from ..... but no more than ..... acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all the lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including especially the provisions of section 117 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon, or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and shall be subject to such terms and conditions as the Minister may prescribe.

Issued this first day of May, 192 2.

CONDITIONAL WATER LICENCE
(IRRIGATION)

Appurtenant to 47 acres of Lytton Indian Reserve No. 27B.

WHEREAS H. Graham, Indian Agent, in trust for Indians on Lytton Reserve No. 27B, whose post-office address is Lytton, B. C. as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Nikaia Creek.

(2.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 14th July, 1920.

(4.) The purpose for which the water is to be used is irrigation and incidentally domestic use.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 141 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said 141 acre-feet there may be used 1000 gallons of water a day throughout the whole year for domestic purpose.

Superseded by Final Licence 8/23

(6.) The period of the year during which the water may be used is 1st April to 30th September.

(7.) The area and description of the lands upon which the water may be used are 47 acres, comprising part of Lytton Indian Reserve No. 27B.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

Licence Number 6877

Form 1004, W.R.B. (Conditional Licence—Irrigation)—2,000-7-22—9003.

File No. 023126

ORIGINAL

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 1st day of November, 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

The said construction ~~shall be commenced on or before the~~ has already been commenced.

~~day of , 192~~

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 1st day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to ~~Licence No. for~~ the diversion of ~~acre-feet per annum from~~ and Licence No. ~~for the diversion of acre-feet per annum from but no more than acre-~~ feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all the lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including especially the provisions of section 117 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon, or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and shall be subject to such terms and conditions as the Minister may prescribe.

Issued this 16th day of March, 1923.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Lytton Creek

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 5-8-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Lytton Creek for use on the Klahkamich I.R. (No.17 Lytton) and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 588, W.R.B.—2,000-12-20.

Order No. 6582.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Lytton Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 36.6 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Klahkamich I.R. (No.17 Lytton) of which 12.2 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.6582.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Nepuhaem Creek, Stryen Creek and a spring on Lytton I.R.No.9A,

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 27-12-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nepuhaem Creek, Stryen Creek and a spring on Lytton Indian Reserve No.9A, tributaries of Fraser River, for use on Stryen I.R. (No.9 Lytton), and that water from the said streams has been used for beneficial purposes on the said Indian Reserve.

Form 586. W.R.B.—2,000-12-20.

Order No. 1552.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply are Kopuchesn Creek, Stryen Creek and a spring on Lytton I.R.No.9A, tributaries of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 654 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Stryen I.R. (No.9 Lytton) of which 218 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 1532.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 4,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Nekeetah Creek and Nepaheen Creek,

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 23-12-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nekeetah Creek and Nepaheen Creek, tributaries of Fraser River, for use on the Nkaih I.R. (No.10 Lytton), and that water from the said creeks has been used for beneficial purposes on the said Indian Reserve.

Form 580, W.R.B.—2,000-12-20.

Order No. 7505.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The sources of the water supply are Hekertch Creek and Nepasheen Creek, tributaries of Fraser River.

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date for which the said licence shall take precedence is 26th September, 1888.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 129 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Nkaih I.R. (No.10 Lytton) of which 43 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.7509.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of ....500........ gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ------------------------------ acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ------------------------ and it may be stored (accumulated) in a reservoir at --
-- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*c*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Nesikep Creek in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 2-12-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nesikep Creek, a tributary of Fraser River, for use on the Nesikep I.R. (West side) (No.6 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 686. W.R.B.—2,000-12-20. Order No. 3910.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a*.) The sources of the water supply is Nesikep Creek, a tributary of Fraser River.

(*b*.) The points of diversion from the said sources ~~are~~ is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c*.) The date for which the said licence shall take precedence is 26th September, 1888.

(*d*.) The purpose for which the water is to be used is irrigation.

(*e*.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 357.9 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f*.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g*.) The water may be used on the Nesikep I.R. (West side) (No.6 Lytton) of which 119.3 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h*.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i*.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j*.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k*.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.3910

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding -- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ------------------------------ and it may be stored (accumulated) in a reservoir at -- -- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorised to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Spintlum Creek, Flat Creek, Conte Creek and an unnamed spring in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 3-12-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for records of water from Spintlum Creek, Flat Creek and Conte Creek, tributaries of Fraser River, and a spring lying south of south east corner of Spintlum Flat I.R. (No.3 Lytton) for use on said Indian Reserve, and that water from the said streams has been used for beneficial purposes on the said Indian Reserve.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply are Spintlum Creek, Flat Creek and Conte Creek, tributaries of Fraser River, and a spring lying south of the south east corner of Spintlum Flat I.R. (No.3 Lytton).

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 279 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Spintlum Flat I.R. (No.3 Lytton) of which ninety-three (93) acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 3911.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 2,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ------------------------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------------------- and it may be stored (accumulated) in a reservoir at -- -- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

(*a*.) The sources of the water supply is Intlpam Creek (South Fork), a tributary of Fraser River.

(*b*.) The point~~s~~ of diversion from the said source~~s~~ is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c*.) The date for which the said licence shall take precedence is 26th September, 1888.

(*d*.) The purpose for which the water is to be used is irrigation.

(*e*.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 136.2 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f*.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g*.) The water may be used on the Nickel Plain I.R. (No.4 Lytton) of which 45.4 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h*.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i*.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j*.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k*.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.852

Copy for Comptroller.

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Nkuikmet Creek,

in the neighbourhood of Lytton, in the

Asheroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 14-12-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nkuikmet Creek, a tributary of Fraser River, for use on the Cameron Bar I.R. (No.13 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 886, W.R.B.—2,000-12-20.

Order No. 993

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Ekwikmet Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water-Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 120 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Cameron Bar I.R. (No.13 Lytton) of which 40 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.993.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Nehomeen Creek

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 29-12-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nehomeen Creek, a tributary of the Fraser River, for use on the Nehomeen I.R. (No.23 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 586, W.R.B.—2,000-12-20.

Order No. 7513.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Bohaeen Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 36.6 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Bohaeen I.R. (No.23 Lytton) of which 12.2 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.7513.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Made and entered this 22nd day of October, 1923.

CONDITIONAL WATER LICENCE.

(For a Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. 2637, a duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to Pappum I.R. (No. 25 Lytton).

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Nikaia Creek in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 1-13-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nikaia Creek, a tributary of Fraser River, for use on the Papyum I.R. (No.27 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 886, W.R.B.—2,000-12-20.

Order No. 8637.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The source of the water supply is Bikaia Creek, a tributary of Fraser River.

(*b.*) The point of diversion from the said source is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 220.5 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Papyum I.R. (No.27 Lytton) of which 73.5 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.2637.

Copy for Comptroller

(l.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 3,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(m.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

(o) The water is carried in a ditch which is owned by the licensee and the owner of Lot 359, Group 1, Yale. The Indian Agent and the District Engineer shall settle what part of any work required shall be done by each party.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Nocten Creek in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 10-11-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nocten Creek, a tributary of Thompson River, for use on the Nocten I.R. (No.19 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The source of the water supply is Hooten Creek, a tributary of Thompson River.

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date from which the said licence shall take precedence is 26th September, 1888.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 8.4 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Hooten Creek I.R. (No.19 Lytton) of which 2.8 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Nikaia Creek

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 2-13-1), that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Nikaia Creek, a tributary of Fraser River, for use on the Nkekayeah I.R. (No.25 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 586. W.R.B.—2,000-12-20.

Order No. 2631.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Nikaia Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 226.8 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Nickoyeah I.R. (No.25 Lytton) of which 75.6 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 2631.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 2,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------------------------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ------------------------ and it may be stored (accumulated) in a reservoir at -- -- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(For a Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. 399, a duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to the Skmaynope I.R. (No.26 Lytton).

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Kwellanaht Creek in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 3-13-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Kwellanaht Creek, a tributary of Fraser River, for use on the Skwayaynope I.R. (No.26 Lytton), and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Kwellanaht Creek, a tributary of Fraser River;

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1908.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 374.1 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Skwayanape I.R. (No.26 Lytton) of which 124.7 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 399.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ~~[illegible]~~ acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ~~[illegible]~~ and it may be stored (accumulated) in a reservoir at ~~[illegible]~~ between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The source of the water supply is Cinquefoil (Stuonek) Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources ~~are~~ is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date ~~for~~ from which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 535.2 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Nesikep I. R. (No.6 Lytton) east side, of which 178.4 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order 28-3915.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ----------

---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Lytton Creek and two springs now known as Klickkumcheen Springs in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 2-8-1) that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Lytton Creek and two unnamed springs (now known as Klickkumcheen Springs) for use on the Klickkumcheen Indian Reserve (No.18 Lytton), and that water from the said creek and springs has been used for beneficial purposes on the said Indian Reserve.

7354

Form 386, W.R.B.—2,000-12-20.

Order No. 6581.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply are Lytton Creek, a tributary of the Fraser River and Klickumcheen Springs.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date ~~from~~ which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 51.6 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Klickumcheen I.R. (No.18 Lytton) of which 17.2 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

7354

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.6581.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 2,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ----------

---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Della Creek, a tributary of Fraser River, in the neighbourhood of Lytton, in the Asheroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 10-12-1) that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New-Westminster, B.C., a bona fide application for a record of water from Della Creek, a tributary of Fraser River, for use on the Seah Indian Reserve (No.5 Lytton) and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 686, W.R.B.—2,000-12-20.

Order No. 798.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Delia Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date for which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 318 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Nesh Indian Reserve (No.5 Lytton) of which 106 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 798.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water, (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

This licence is supplementary to Board Order No.743.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(For an Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. 743, duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to Seah Indian Reserve (No.5 Lytton).

Superseded by Final Licence 10288

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Nesikep Creek, a tributary of Fraser River, in the neighbourhood of Lytton, in the Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 11-12-1) that a valid water record affecting the said claim was made under authority of an Act passed prior to the 12th day of March, 1909, and that under the said water record the Lytton tribe or band of Indians was granted a right to take and use water from Nesikep Creek, a tributary of Fraser River, for irrigation and domestic purposes on the Nesh Indian Reserve, being Reserve No.5 of the said tribe or band.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The source of the water supply is Nesikep Creek, a tributary of Fraser River.

(b.) The point of diversion from the said source is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date from which the said licence shall take precedence is 19th October, 1883.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 318 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Seah Indian Reserve (No.5 Lytton) of which 106 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.743.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

This licence is supplementary to Board Order No.798.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Copy for Comptroller

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE

(IRRIGATION)

Appurtenant to 35 acres of L.S. 9 & Frac. L.S. 8 & 1, Sec. 31 & L.S. 12, and Frac. L.S. 5 of Sec. 32, T. 15, R. 26, W 6th M and Lot 47, Y.D.Y.D.

WHEREAS HARRY GRAHAM, Indian Agent, in trust for the Indians, whose post-office address is Lytton, B.C. as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, ~~1914~~," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Huckleberry Creek, tributary of Botanie Creek.

(2.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 20th March, 1923.

Superseded by 10 of 65 Final Licence

(4.) The purpose for which the water is to be used is irrigation and incidentally domestic use.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 100 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said 100 acre-feet there may be used 1,000 gallons of water a day throughout the whole year for domestic purpose.

(6.) The period of the year during which the water may be used is 1st April to 30th September

(7.) The area and description of the lands upon which the water may be used are 35 acres, comprising parts of L.S. 9 & Frac. L.S. 8 & 1, Sec. 31, and L.S. 12 and Frac. L.S. 5 of Sec. 32, T. 15, R. 26, W 6th M and Lot 47, Yale Division of Yale District.
The extent and location of the said irrigable lands are further shown in the said exhibit "A."

Licence Number 1857

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the first day of November, 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

The said construction has already been commenced.

~~shall be commenced on or before the day of 19~~

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the first day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to - - - - - - - Licence No. - - - - - for the diversion of - - - - - acre-feet per annum from - - - - - - - - - - - - and Licence No. - - - - - for the diversion of - - - - - - - acre-feet per anum from - - - - - - - - - - - - - - - but no more than - - - - - - - acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part IV. of the "Water Act, ~~1914~~," and shall be subject to all the provisions of said Act, including especially the provisions of section ~~60~~ thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon, or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and shall be subject to such terms and conditions as the Minister may prescribe.

Issued this 25th day of November, 1924.

WHEREAS HARRY GRAHAM, Indian Agent in Trust for the Indians, whose post-office address is Lytton, B.C. as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a licence to store water; and

Whereas a licence or record has been previously issued or made in respect of the said land, mine, or undertaking, being Licence No. 7857 (hereinafter called the "diversion licence or record"), authorizing the beneficial use of 100 acre-feet (Quantity.) of water per annum for Irrigation purpose, which quantity of water the water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to store water under the following terms and conditions:—

(a.) The source of the supply is Huckleberry Creek a tributary of Botanie Creek and the reservoir is Botanie Lake.
~~and the reservoir~~

(b.) The point or points of diversion from the stream or streams, and the points where the stored water is to be placed in and taken from any natural watercourse or any dry gulch or draw is shown in the exhibit marked "A," hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to store water thereunder shall take precedence is 20th March, 1923.

(d.) The purpose for which the stored water is to be used is that set out in the diversion licence or record.

(e.) The maximum quantity of water which may be stored under this licence, estimated for the time being at 100 acre-feet per annum, is such quantity as, together with the quantity of natural-flow water used under the diversion licence or record will be necessary to secure to the licensee the quantity to which he is entitled under the said diversion licence or record.

(f.) The period of the year during which the water may be stored (accumulated) is from the first day of October to the 15th day of June, but it may be retained in the reservoir until required for use under the diversion licence or record subject to the approval of the Engineer of the Water District.

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 18-11-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Lalumiasan Creek for use on the Nananahout Indian Reserve (No.1, Lytton) and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Cancelled
Oct 11/38

Form No. W.R.B.—

Order No. 3912.

ORIGINAL

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The source of the water supply is Lalnwissen Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date from which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is ninety-six (96) acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is two (2) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Nananahout Indian Reserve (No.1, Lytton) of which 48 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the cleansing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, ..., and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November,.....

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(l.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(m.) The Board may extend the time for the commencement, ~~resumption, or completion of~~ the execution of the works ~~on being satisfied that it is~~ in the public interest and that it ~~will not injuriously~~ affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, ~~1914~~," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section ~~44~~ of the said Act.

(o) The land is sub-irrigated naturally and no works are necessary at present, but, should the Comptroller of Water Rights at any time consider that works for the control of the water are necessary, he may order their construction and may fix the point of diversion.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, ~~1914~~"

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Botanie Creek, a tributary of Thompson River,

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 21-11-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Botanie Creek, a tributary of Thompson River, for use on the Nuzantin Indian Reserve (No.2, Lytton) and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 96, W.R.B.—[illegible]

Order No. 8009.

1888

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The source of the water supply is Botanie Creek, a tributary of Thompson River.

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date from which the said licence shall take precedence is 26th September, 1888.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 447 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Nuxantin Indian Reserve (No.2, Lytton) of which 149 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1925, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part ~~V.~~ IV. of the "Water Act, ~~1914,~~" and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section ~~117~~ 74 of the said Act.

This licence is supplementary to B.O. 8018 authorising the diversion of water from Spring 0, Water Rights Map 340.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(For a Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, ~~1914~~," duly held an investigation respecting the water set out in the order No. 2394, duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, ~~1914~~," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to the Klootlekut Indian Reserve (No.22, Lytton).

DETERMINATION AND ORDER

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, ~~1914~~"

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Skoomko Creek and Botanie Creek

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 19-11-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Skoomko Creek and Botanie Creek for use on the Kleetlekut Indian Reserve (No.22, Lytton) and that water from the said creeks has been used for beneficial purposes on the said Indian Reserve.

Form 166. W.R.B.—100-121-07

Order No. 2394.

791

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply are Skoonko Creek and Botanie Creek, tributaries of Thompson River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date ~~for~~ which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is (from Botanie Ck. 115 ac.ft. / from Skoonko Ck. 230 ac.ft.) 345 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Kleetlekut Indian Reserve (No.22, Lytton) of which 115.08 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 2,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding 157 acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of Skeenko & Botanie Creeks and it may be stored (accumulated) in a reservoir at Botanie Lake between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, ~~1914~~," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section ~~117~~ 74 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914"

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Botanie Creek, a tributary of Thompson River,

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 8. 25 and 26-11-1) that, on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from Botanie Creek, a tributary of Thompson River, for use on the Tuckosap Indian Reserve (No.24, Lytton); and that water from the said creek has been used for beneficial purposes on the said Indian Reserve.

Form 588, W.R.B.—2,000-12-20.

Order No. 2580.

7892

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Botanie Creek, a tributary of Thompson River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date from which the said licence shall take precedence is 26th September, 1888.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 83 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Tuckcamp Indian Reserve (No.24, Lytton) of which 27.5 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1925, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.2580.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding [redacted] acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of [redacted] and it may be stored (accumulated) in a reservoir at [redacted] between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part ~~V~~ IV. of the "Water Act, ~~1914~~," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section ~~115~~ 75 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, [redacted]."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of an unnamed spring (Spring "G" W.R.Map 340)

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 21-11-1) that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster, B.C., a bona fide application for a record of water from an unnamed spring (Spring "G," W.R.Map 340) for use on the Kumantin Indian Reserve (No.2, Lytton) and that water from the said spring has been used for beneficial purposes on the said Indian Reserve.

1964

Form 18A, W.R.B.—[illegible]

Order No. 8018.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The source/ of the water supply is Spring "G," N.E.Map 340a.

(b.) The points of diversion from the said source/ are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date from which the said licence shall take precedence is 26th September, 1888.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 447 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Kwantin Indian Reserve (No.2, Lytton) of which 149 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1925, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

1

(*l*.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at -- -- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m*.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n*.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part [illegible]. of the "Water Act, [illegible]," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section [illegible] of the said Act.

(o) This licence is supplementary to C.L.7888 authorizing the diversion of water from Botanie Creek.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

ORIGINAL

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The sources of the water supply are two unnamed springs on the Inkluckchasn I.R. (No.21, Lytton).

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date ~~for~~ from which the said licence shall take precedence is 26th September, 1888.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 228 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Inkluckchasn Indian Reserve (No.21, Lytton) of which 76 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1925, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(l.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding - - - - - - - - - - - - - - acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of - - - - - - - - - - - - - and it may be stored (accumulated) in a reservoir at - between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (d), (e), and (f) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (c) hereof.

(m.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part ~~V.~~ of the "Water Act, ~~1914~~," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section ~~147~~ 74 of the said Act.

(o) This licence is supplementary to C.L.7890 authorizing the diversion of water from Botanie and Skoonko Creeks.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Form 287 (3). W.R.B.—1M-1024-7719.

ORIGINAL

PROVINCE OF BRITISH COLUMBIA.

WATER RIGHTS BRANCH.

DEPARTMENT OF LANDS.

FINAL WATER LICENCE.

(Irrigation.)

WHEREAS SUPERINTENDENT-GENERAL OF INDIAN AFFAIRS, whose address is Ottawa, Ontario.

is the owner of the lands to which Conditional Licence No. 7124 was made appurtenant, and is the applicant for this licence; and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the diversion and carriage of the water under the said licence have been completed and that beneficial use of the water has been made thereunder:

Now, therefore, in pursuance of the "Water Act," this final licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Lytton creek, a tributary of Fraser river.

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to take and use water thereunder shall take precedence is 26th September 1888.

(d.) The purpose for which the water is to be used is irrigation & incidentally domestic.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 22 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ____ from ____ (Stream.) and Licence No. ____ from ____ (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum

ORIGINAL

is 22 acre-feet plus such reasonable allowance for evaporation and seepage as may be set by the District Engineer.

(*f.*) The period of the year during which the water may be used for Irrigation is

1st April to 30th September.

(*g.*) The area and description of the irrigable lands to which this licence shall be appurtenant, subject to beneficial use being made of the water in the irrigation of the said lands, are

7.2 acres, comprising part of Klahkamich Indian Reserve (No.17 Lytton).

; the extent and location of the said lands are further shown by cross-hatching in the said exhibit "A."

(*h.*) The works for the diversion and the carriage of the water consist of

pipe and ditch.

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*) The nature and extent of the incidental use (if any) permitted under this licence are

500 gallons a day of water to be used throughout the whole year for domestic purposes.

but such use shall not enlarge the quantity of water allowed under item (*e*) above.

(*k.*) The diversion of the quantity of water permitted under this licence shall be limited to such rates of flow in the months of the irrigation season as may be determined, after hydrographic surveys, to be reasonable for the production of ordinary crops on the said lands, and the Comptroller may, after such surveys have been made, require the surrender of this licence and may amend the same by specifying therein such maximum rates of flow.

(*l.*) The terms and conditions of this licence shall replace those of the conditional licence hereinbefore referred to.

DETERMINATION AND ORDER

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, [illegible]"

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Hautier Creek, a tributary of Fraser River, and Kitzowit Spring

in the neighbourhood of Lytton, in the

Ashcroft Water District.

NOW, on the 10th day of June, 1920 the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 6-8-1) that on the 26th day of September, 1888, there was filed in the office of the Dominion Lands Agent at New Westminster a bona fide application for a record of water from Hautier Creek, a tributary of Fraser River, and Kitzowit Spring, for use on the Kitzowit Indian Reserve (No.20, Lytton) and that water from the said creek and spring has been used for beneficial purposes on the said Indian Reserve.

Form 186. W.R.B.—[illegible] Order No. 6514.

ORIGINAL

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The sources of the water supply are Hautier Creek, a tributary of Fraser River, and Kitzowit Spring.

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date ~~from~~ which the said licence shall take precedence is 26th September, 1888.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered, is 23.7 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is three (3) acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Kitzowit Indian Reserve (No.20 Lytton) of which 7.9 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, ~~1914~~," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section ~~147~~ 74 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Made and entered this 18th day of November, 1925.

DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.
(IRRIGATION.)

Appurtenant to 38.6 acres of fractional S.E.¼ of Section 23, Tp115, Range 27, West of 6th Meridian. (St. Georges Residential School Property.)

WHEREAS SUPERINTENDENT GENERAL OF INDIAN AFFAIRS, whose post-office address is Ottawa, Canada.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act" prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Botanie Creek, located as shown in the exhibit marked "A" hereto attached.

(2.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 28th January, 1926. Superseded by Final Licence 9006

(4.) The purpose for which the water is to be used is irrigation ~~and incidentally domestic use~~.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 116 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said ____ acre-feet there may be used ____ gallons of water a day throughout the whole year for domestic purpose.

(6.) The period of the year during which the water may be used is 1st April to 30th September.

(7.) The area and description of the lands upon which the water may be used are 38.6 acres, comprising part of fractional S.E.¼ of Section 23, Tp.15 R.27, West of 6th Meridian. (St. Georges Residential School Property.)

The extent and location of the said irrigable lands are further shown on the said exhibit "A."

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 1st day of November, 1930

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

has already been commenced.

The said construction ~~shall be commenced on or before the~~ day of ~~, 192~~

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 1st day of November, 1930

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to Licence No. for the diversion of acre-feet per annum from and Licence No. for the diversion of acre-feet per annum from , but no more than acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part II. of the "Water Act," and shall be subject to all the provisions of said Act, including especially the provisions of section 74 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) This licence does not authorize the construction or maintenance of any works upon or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until such construction or maintenance is approved or such use or occupation authorized by the Minister of the Interior.

DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

FOR STORAGE PURPOSE.

Appurtenant to 178.4 acres of Nesikep Indian Reserve (No.6 Lytton) situated East of the Fraser River.

WHEREAS THE SUPERINTENDENT GENERAL OF INDIAN AFFAIRS, whose post-office address is Ottawa, Canada, as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a licence to store water; and

Whereas a licence has been previously issued or made in respect of the said land, mine, or undertaking, being Conditional Licence No. 7352 (hereinafter called the "diversion licence"), authorizing the beneficial use of 535.2 acre-feet (Quantity.) of water per annum for Irrigation purpose, which quantity of water the water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water Act," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to store water under the following terms and conditions:—

CANCELLED 2/2/35

(a.) The source of the supply is Cinquefoil Creek (Stn.Trib.) and the reservoir Cinquefoil (Fish) Lake.

(b.) The point or points of diversion from the stream or streams, and the points where the stored water is to be placed in and taken from any natural watercourse or any dry gulch or draw is shown in the exhibit marked "A," hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to store water thereunder shall take precedence is 26th October, 1926.

(d.) The purpose for which the stored water is to be used is that set out in the diversion licence.

(e.) The maximum quantity of water which may be stored under this licence, estimated for the time being at 200 acre-feet per annum, is such quantity as, together with the quantity of natural-flow water used under the diversion licence will be necessary to secure to the licensee the quantity to which he is entitled under the said diversion licence.

(f.) The period of the year during which the water may be stored is from the 1st day of October to the 15th day of June but it may be retained in the reservoir until required for use under the diversion licence subject to the approval of the Engineer of the Water District.

(c) The date from which this licence shall have precedence is 3rd June, 1915.

(d) The purpose for which the water is to be used is irrigation.

(e) The maximum quantity of water which may be diverted is 75 acre feet per annum, and such additional quantity as the Engineer may from time to time determine should be allowed for losses.

(f) The period of the year during which the water may be used is 1st April to 15th June.

(g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 47 Yale, of Township 15, Range 26, West of the 6th Meridian, of which 58 acres may be irrigated.

(h) The works authorized to be constructed are diversion structure, pipe and sprinkler system, which shall be located approximately as shown on the attached plan.

(i) The construction of the said works shall be commenced on or before the 30th day of June, 1982, and shall be completed and the water beneficially used on or before the 31st day of December, 1984.

(j) The works authorized under clause (h) hereof shall include provision for measuring the quantity of water diverted under this licence.

(k) This licence is issued in substitution of Final Water Licence 3685 under Section 15 of the Water Act.

J.E. Farrell,
Deputy Comptroller of Water Rights.

DETERMINATION AND ORDER

(For a Final Water Licence for Irrigation Purposes)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT."

In the Matter of the Rights and Claims to the Waters of certain Streams lying in .....
.....Ashcroft.....Water District, in the Neighbourhood
of .....Botanee....., B.C.

NOW, on this 28th day of OCTOBER, 191 3, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; notice of the intention to investigate all and every the said rights and claims having been given by the Board as required by the "Water Act"; all persons having claims to water on the said streams or in the said locality having been directed to file their claims with the Board; due notice having been given of the times and places of preliminary and final hearings respectively in the above-entitled matter; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at this hearing; and the Board, being now fully advised in the premises, determines with respect to the claim..... of.....New England Company.....
.....
the said claim..... being on file and numbered.....38-12-7.....:—

1. That a valid record affecting the said claim..... was made under the authority of an Act passed prior to the 12th day of March, 1909, and that under the said record the owner of the particular hereditament set out in subclause (*g*) of clause 2 hereof was granted a right to take and use water from the source of supply set out in subclause (*a*) of the said clause for the purpose specified in subclause (*d*) of the said clause.

2. The Comptroller of Water Rights is hereby directed to issue a licence in respect of the said record and claim..... embodying the following terms and conditions:—

(*a.*) The source of the water-supply is Springs "E", "F" and "G" as shown on exhibit "A" hereto attached.
a tributary of .....FRASER RIVER.....

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" which is hereto attached and hereby made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which the said licence shall take precedence is 12th March 1902.....
.....

(*d.*) The purpose for which the water is to be used is irrigation. and incidentally domestic

(*e.*) The maximum quantity of water per annum which may be used is, until lawfully altered,
.....550.....acre-feet, and the maximum quantity of water per annum which may be used on each acre actually irrigated is.....2.....acre-feet: Provided that where other sources of supply than that named in clause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in clause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the owner may be entitled to use from said

other sources of supply, viz.: From stream Botanie Creek under order numbered 2498, and from stream ..... under order numbered ....., and from stream ..... under order numbered .....: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender thereof and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular source named therein.

(*f.*) The period of the year during which the water may be used is .....

1st April to 1st October

(*g.*) The area and description of the particular hereditament upon which the water may be used are as follows: Lots 11 and 12, Lytton and part Sections 13, 14 and 23, Township 15, Range 27. (275 acres irrigable)

The extent and location of the said hereditament are more particularly shown by cross-hatching in the said exhibit "A."

(*h.*) A concise description of the works is given in the said exhibit "A."

(*i.*) The other terms and conditions respecting the right herein determined are:—

(1.) The total quantity of water used under the said licence in any season shall be based upon the number of acres of the above-described lands which are actually and beneficially irrigated; and the quantity of water used per acre shall be limited to such quantity as experience may hereafter indicate to be necessary for the production of crops in the exercise of good husbandry.

(2.) Having due regard to the priority of the said licence, the said owner or occupant shall take and use the said quantity of water, on being so directed by a proper officer of the Water Rights Branch, at intervals of time, under such system of rotation with other water-users on the same stream, or otherwise, as may best meet the requirements of growing crops and at the same time secure an economical use of water.

(*j.*) The owner or lawful occupant of the particular hereditament in respect whereof the said licence is to be issued shall be the licensee under the said licence, subject to the provisions of the "Water Act."

(*k.*)

In addition to the quantity allowed for irrigation purposes 1000 gallons of water per day may be used for domestic use throughout the whole of the year and may be diverted and conveyed through the irrigation system. (Subject to riparian rights of Indians (if any))

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders and claimants affected thereby.

Made and entered this 7th day of January, 191 3.

THE BOARD OF INVESTIGATION.

Copy for Comptroller

3140

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

FINAL WATER LICENCE

(Irrigation)

WHEREAS the New England Company, whose address is Lytton, B. C. is the owner of the lands to which Conditional Licence No. 1827 was made appurtenant, and is the applicant for this licence; and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the diversion and carriage of the water under the said licence have been completed and that beneficial use of the water has been made thereunder:

Now, therefore, in pursuance of the "Water Act, 1914," this final licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Botanie Creek a tributary of Thompson River.

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to take and use water thereunder shall take precedence is 3rd June 1915.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 75 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 1½ acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ---------- from ---------- (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum

Form 1023, W.R.B. (Final Licence—Irrigation).—1,000-9-14.

Licence Number 3685

SUPERCEDED BY LICENCE NO. C 56312

ORIGINAL

is 75 acre feet.

(*f.*) The period of the year during which the water may be used is 1st April to 15th June.

(*g.*) The area and description of the irrigable lands to which this licence shall be appurtenant, subject to beneficial use being made of the water in the irrigation of the said lands, are 58 acres, comprising part of Lot 47, Group 1, Township 15, Range 26, West of 6th Meridian.

; the extent and location of the said lands are further shown by cross-hatching in the said exhibit "A."

(*h.*) The works for the diversion and the carriage of the water consist of ditch.

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*) The nature and extent of the incidental use (if any) permitted under this licence are None.

but such use shall not enlarge the quantity of water allowed under item (*e*) above.

(*k.*) The diversion of the quantity of water permitted under this licence shall be limited to such rates of flow in the months of the irrigation season as may be determined, after hydrographic surveys, to be reasonable for the production of ordinary crops on the said lands, and the Comptroller may, after such surveys have been made, require the surrender of this licence and may amend the same by specifying therein such maximum rates of flow.

(*l.*) The terms and conditions of this licence shall replace those of the conditional licence hereinbefore referred to.

FINAL WATER LICENCE

(Irrigation)

Whereas DEPARTMENT OF INDIAN AFFAIRS, whose address is Lytton, B.C. is the owner of the lands to which Conditional Licence No. 1627 was made appurtenant, and is the applicant for this licence; and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the diversion and carriage of the water under the said licence have been completed and that beneficial use of the water has been made thereunder:

Now, therefore, in pursuance of the "Water Act," ~~1914,~~ this final licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Botanie Creek, a tributary of Thompson River.

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to take and use water thereunder shall take precedence is 28th November, 1864.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 311 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. - - - - from - - - - - - - - - - - - - - (Stream.) and Licence No. - - - - from - - - - - - - - - - - - - - - - - - (Stream.) And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum

File No. 23-12-7.

Licence Number 4815

is 311 acre-feet plus such reasonable allowance for evapor-ation and seepage as may be set by the District Engineer.

(*f*.) The period of the year during which the water may be used is

1st April to 30th September.

(*g*.) The area and description of the irrigable lands to which this licence shall be appurtenant, subject to beneficial use being made of the water in the irrigation of the said lands, are 103.8 acres, comprising parts of Lots 11 and 12, Group 1, Lytton, Fractional Legal Subs. 16, 9 and 8 of Sec. 14, and Fractional Legal Subs. 13, 12 and 5 of Sec. 13, Tp. 15, R. 27, W 6th M; the extent and location of the said lands are further shown by cross-hatching in the said exhibit "A."

(*h*.) The works for the diversion and the carriage of the water consist of ditch and flume.

(*i*.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j*.) The nature and extent of the incidental use (if any) permitted under this licence are

1,000 gallons a day for Domestic purposes.

but such use shall not enlarge the quantity of water allowed under item (*e*) above.

(*k*.) The diversion of the quantity of water permitted under this licence shall be limited to such rates of flow in the months of the irrigation season as may be determined, after hydrographic surveys, to be reasonable for the production of ordinary crops on the said lands, and the Comptroller may, after such surveys have been made, require the surrender of this licence and may amend the same by specifying therein such maximum rates of flow.

(*l*.) The terms and conditions of this licence shall replace those of the conditional licence hereinbefore referred to.

(*m*.)

FINAL WATER LICENCE.

(Irrigation.)

WHEREAS THE SUPERINTENDENT-GENERAL OF INDIAN AFFAIRS, whose address is Ottawa, Ontario.

is the owner of the lands to which Conditional Licence No. 7139 was made appurtenant, and is the applicant for this licence; and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the diversion and carriage of the water under the said licence have been completed and that beneficial use of the water has been made thereunder:

Now, therefore, in pursuance of the "Water Act," this final licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Nohomeen creek, a tributary of Fraser river.

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to take and use water thereunder shall take precedence is 26th September 1888.

(d.) The purpose for which the water is to be used is irrigation. & incidentally domestic.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 14 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ___ from ___ (Stream.)

and Licence No. ___ from ___ (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum

CONDITIONS RELATIVE TO THE RIGHTS GRANTED UNDER THIS PERMIT

1. This permit is issued under the *Water Act*, and the rights hereby granted are subject at all times to the provisions of that Act and all Acts passed in amendment or substitution thereof and to all regulations from time to time made under any such Act.

2. There is reserved to the Crown the right to grant to other persons permits to occupy the land affected by this permit without compensation to the permittee or his successors in title.

3. In the event of any dispute arising at any time between the permittee and any owner of land adjacent to the land affected by this permit with respect to the area or boundaries of the land so affected, the licensee shall at his own expense, when so directed by the Deputy Minister of the Environment, have the said land surveyed by a duly qualified surveyor, and shall likewise file with the Ministry of the Environment at Victoria, British Columbia, a plan showing the result of the survey.

4. This permit and the rights granted hereunder are subject always to compliance by the permittee with the terms of his water licence, and if the rights granted under the said licence should at any time be suspended or terminated, the rights granted under this permit are thereupon likewise suspended or terminated.

5. The amount of stumpage, royalty, and (or) compensation payable to the Crown by the permittee in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum or sums fixed by the Forest Service of the Province of British Columbia. Prior to the cutting, destruction, or flooding of any timber, the permittee must apply for and obtain a licence to cut timber from the District Forester.

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The holder of Conditional Water Licence 66864, whose licence authorizes the diversion of water from Seven Mile Creek, is hereby authorized to occupy Crown Land by constructing, maintaining and operating thereon the works authorized under the said licence.

(a) The Crown Land which is authorized to be occupied under this permit is a portion of Legal Subdivision 14, 11, 10, 7, 2 and 1 of Section 34, Township 15, Range 27, West of the 6th Meridian, Kamloops Division of Yale District, the location of which is shown approximately on the plan attached to the said water licence.

(b) The approximate dimensions of the Crown Land authorized to be occupied under this permit are 6000 feet in length by 15 feet in width for an area of 2.07 acres.

(c) The permittee may cut and remove from the said Crown Land any timber necessary to permit construction and maintenance of the said works. Prior to the cutting, destruction or flooding of any timber, the permittee shall apply for and obtain a licence to cut timber from the District Manager and the amount of stumpage, royalty and (or) compensation payable to the Crown in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum or sums fixed by the Forest Service of the Province of British Columbia.

(d) This permit is appurtenant to the land, mine or undertaking to which the aforesaid water licence is appurtenant.

(e) This permit shall become void if the water licence with respect to which the permit is issued should terminate, be abandoned or cancelled, or amended so as to render this permit unnecessary.

(f) This permit is issued and accepted on the understanding that the permittee shall indemnify and save harmless the Government of the Province of British Columbia for all loss, damage to works, cost or expense suffered by the permittee by reason of the Crown Land or any portion thereof being submerged or damaged by erosion or otherwise affected by flooding.

(g) The holder of this permit shall not be entitled to compensation if the Crown grants permits to other persons to occupy the land affected by this permit.

(h) In the event of a dispute at any time with respect to the area or boundaries of the land affected by this permit, the holder shall, at his own expense, have the said land surveyed by a duly qualified surveyor.

(j) This permit replaces Permit No. 01206.

Deputy Minister of Environment and Parks

File No. 0113389 Date Issued: AUG 7 1987 Permit No. 16573

Province of British Columbia - Ministry of Environment, Lands & Parks

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The holder of Final Water Licences 9279, 9280 and 10466 whose licences authorize the storage of water from Skoona, Botanie and Huckleberry Creeks and the reservoir is Botanie Lake is hereby authorized to occupy Crown Land by constructing, maintaining and operating thereon the works authorized under the said licences and any licences which may be issued in substitution thereof.

(a) The Crown Land which is authorized to be occupied under this permit is a portion of the North West 1/4 of Section 29, Township 16, Range 26, West of the 6th Meridian, Kamloops Division Yale District, the location of which is shown approximately on the plan attached to the said water licence.

(b) The approximate area of the Crown Land to be occupied under this permit is 3 acres for a dam.

(c) The permittee may cut and remove from the said Crown Land any timber necessary to permit construction and maintenance of the said works. Prior to the cutting, destruction or flooding of any timber, the permittee shall apply for and obtain a licence to cut timber from the District Manager and the amount of stumpage, royalty, and (or) compensation payable to the crown in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum or sums fixed by the Ministry of Forests of the Province of British Columbia.

(d) This permit is appurtenant to the land, mine or undertaking to which the aforesaid water licence is appurtenant.

(e) This permit shall become void if the water licence with respect to which the permit is issued should terminate, be abandoned or cancelled, or amended so as to render this permit unnecessary.

(f) This permit is issued and accepted on the understanding that the permittee shall indemnify and save harmless the Government of the Province of British Columbia for all loss, damage to works, cost or expense suffered by the permittee by reason of the Crown Land or any portion thereof being submerged or damaged by erosion or otherwise affected by flooding.

(g) The holder of this permit shall not be entitled to compensation if the Crown grants permits to other persons to occupy the land affected by this permit.

(h) In the event of a dispute at any time with respect to the area or boundaries of the land affected by this permit, the holder shall, at his own expense, have the said land surveyed by a duly qualified surveyor.

Water Branch

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO
No. 30/6456.
AND TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE.
P.O. BOX 986
VICTORIA, B.C., January 16, 1926.

3-22-1 (19)

482569

Sir:-

Further List of Indian Water Rights to be abandoned.

Mr. Balls, of the Dominion Water Power Branch, has brought to my attention a further list of claims to water for Indian Reserves within the Railway Belt, which should be officially abandoned by this Department in order that the said claims may be wiped off your books. These claims are as hereunder set forth, the reason for abandonment being given in each case. I, therefore, wish to inform you that this Department officially abandons the claims enumerated hereunder:-

Board File

LYTTON AGENCY.

15-11-1. Lytton I.R. No. 8 (Maka)--I.R.C. Allotment dated July 10th, 1878, recorded in Dominion Lands Office at New Westminster Sept.26th, 1888--"Five inches of water from Boothanie Creek."

The location of this reserve is not definitely known, township plan shows position uncertain and neither the Indian Agent at Lytton nor the Lytton Indians were able to furnish any definite information. There are no Indians living or working on the reserve. If the Indians ever intend to irrigate the land in this reserve, there should be no trouble in obtaining a licence for water from Boothanie Creek.

Maka
15-11-1

KAMLOOPS AGENCY.

3-11-1. Nicomen I.R. No. 4--I.R.C. Allotment dated July 13th, 1878, recorded in Dominion Lands Office at New Westminster Sept. 26th, 1888--"20 inches of water from Skhpowtes Creek."

There is no irrigable land on Skhpowtes Reserve. The Indians were using water from Skhpowtes Creek on Klakowit Reserve (Nicomen No. 5) without authority and leave was granted to apply for the transfer of the rights from Reserve No. 4 to Reserve No. 5. As there were no other record holders to consider, it was found simpler to relinquish the rights for Reserve No. 4 and to apply for a new licence for Reserve No. 5. A Conditional Licence appurtenant to Reserve No. 5 has been acquired accordingly, so the record for Reserve No. 4 may now be abandoned as of no value.

Skhpowtes
3-11-1

The Chairman,
Board of Investigation
under Water Act,
Parliament Buildings,
Victoria, B.C.

SCHEDULE of Indian Reserves in the Dominion—*Continued.*

BRITISH COLUMBIA, LYTTON AGENCY—*Continued.*

No.	Name.	Where Situated.	Tribe or band.	Area, Acres.	Remarks.
5	Scaucy	Yale district, on the right bank of the Fraser, and left bank of Scaucy creek, 3 miles below Boston Bar, section 10, township 10, range 26, west 6th meridian.	Boston Bar	13·00	50 inches of water recorded from Scaucy creek, and all the water from all other sources of water-supply on the reserve. Surveyed. Approved June 24, 1887.
6	Paul's	Yale district, on the right bank of the Fraser, one mile above Hell's Gate, in section 10, township 10, range 26, west 6th meridian.	"	1·75	5 inches of water recorded from Scaucy creek, and all the water from all other sources of water-supply on the reserve. Surveyed. Approved June 24, 1887.
7	Shrypttahooks	Yale district, on the right bank of the Fraser, two miles below Boston Bar, in section 14, township 10, range 26, west 6th meridian.	"	87·00	100 inches of water recorded from Scaucy creek, and all the water from all other sources of water-supply on the reserve. Surveyed. Approved June 24, 1887.
					The Boston Bar reserves are within the railway belt, they were allotted by Commissioner Sproat, June 1, 1878; surveyed in 1882 and 1886, approved June 24, 1887.
1	Nekliptum	Yale district, near the left bank of the Fraser river, 46½ miles above Yale, on the banks of Nekliptum creek, township 13, range 26, west of the 6th meridian.	Kanaka Bar	30·00	25 inches of water recorded from Nekliptum creek, and all the water from all sources of water-supply on the reserve. Surveyed. Approved June 24, 1887.
2	Kanaka Bar	Yale district, on the left bank of the Fraser, 47 miles above Yale, in township 13, range 27, west of 6th meridian.	"	118·00	10 inches of water recorded from Nekliptum creek, 5 inches from Moneylux creek, and all the water from all sources of water-supply on the reserve. Surveyed. Approved June 24, 1887.
3	Pegleg	Yale district, quarter mile east of reserve No. 2, in township 13, range 26, west of 6th meridian.	"	10·00	5 inches of water recorded from Pegleg creek.
4	Whyeek	Yale district, on the right bank of the Fraser at Kanaka Bar, 46½ miles above Yale, in township 13, range 27, west of 6th meridian.	"	351·00	100 inches of water recorded from Whyeek creek, all the water from a neighbouring spring, and all the water from all sources of water-supply on the reserve. Surveyed. Approved June 24, 1887.
					The Kanaka Bar reserves are within the railway belt, they were defined by Commissioner Sproat, June 18, 1878. Surveyed, 1885. Approved June 24, 1887.
FISHING ONLY — 1	Nananahout	Kamloops district, on the trail from Lytton to Hat creek, in township 17, ranges 26, 27, west of coast meridian.	[redacted]	770·00	Surveyed. Approved June 24, 1887.
